MAKAROFF MET TOGO'S FLEET

Sailed from Port Arthur for Battle With Enemy.

NO DETAILS GIVEN

If Ships Are in Good Condition an Attack Is Expected Today.

NEWSPAPERMEN AT CHEMULPO

[Associated Press Cable to The Gazette.]

PARIS, April 9.—The St. Petersburg correspondent of the Echo de Paris says that Admiral Makaroff went out from Port Arthur this morning, a Japanese squadron having been signaled as in the offing. It is rumored, the correspondent says, that a sea fight took place, but nothing concerning it is officially known.

St. Petersburg, April 8.—A dispatch from Port Arthur announced the Japanese fleet has been seen hovering about the horizon, and that in view of the moonless nights a new attack is anticipated there. Persistent rumors are current that the Japanese are preparing an attack for tomorrow, hoping to find the Russians engaged in Easter devotions.

Baron de Rosen has been received by the emperor and appointed master of court in recognition of his high services.

Advices from Harbin indicate that the Russian army will be ready to take the offensive about the middle of the month.

The mobilization of the Black sea reserves is necessitated in order to fill gaps caused by drafting sailors to the far east. It is expected that a similar mobilization will come into effect in the Baltic provinces within a month.

An authoritative denial is given of the rumor of a Russian reverse on the Yalu which was circulated in Paris today.

Correspondents Reach Chemulpo.

SEOUL, April 7, 3:40 p. m.—The steamer Suminoye Maru called at Chemulpo today to take on board 800 men belonging to the First division. The newspaper correspondents on board the Suminoye Maru were not permitted to land, and a correspondent who was here awaiting to go forward with the Japanese troops was refused permission to embark on the steamer.

The first party of correspondents, consisting of 16 men, mostly British and Americans, left Tokyo April 1 for the front. They were to sail from Moji, Japan, on April 6 for an unknown destination. While the departure of these newspapermen from Moji has not been reported here, it is probable that the correspondents are those who were to have left Moji Wednesday. Chemulpo is about a two-days' run from Moji.

Correspondents who attempted to go forward contrary to the wishes of the Japanese authorities will not be afforded the facilities given to writers who waited until the authorities were ready to have them move.

Japanese in China.

PEKIN, April 8, 5:55 p. m.—(Special Cable. Herald Copyright.)—Since March 15 at least nine Japanese officials, dressed as Chinese, with a full staff of Chinese servants, passed north through Kupeinko, Jehoe and Ping Tsuan toward Chao Yang, Gen. Ma's headquarters. About 25,000 foreign drilled troops are at Chao Yang. Russia has protested to Wai Wu Pu against the Chinese government engaging additional Japanese military instructors for troops in north China.

WASHINGTON, D. C., April 8.—The state department has decided to find temporary employment for the persons recently appointed to consular offices in Manchuria and will make no effort to place them at their designated posts pending the issue of the war between Russia and Japan.

Mr. Cheshire, who is nominally United States consul to Mukden, will be attached to the United States legation at Pekin. Mr. Davidson, who was named as consul to Antung, on the Yalu river, will be sent instead to Niuchwang to serve as assistant to Mr. Miller, the consul at that point. Edwin Morgan, who as to have been consul at Dalny, will be sent to Shanghai as assistant consul.

FIGHT WITH ROBBERS.

Officers Pursue Gang Near Frostburg, Md.—One Thief Is Captured.

CUMBERLAND, MD., April 8.—(Special.)—Constable Stahl of Grantsville, Garrett county, and a posse of citizens came down upon a gang of robbers who operated near Bittinger, a few miles west of Frostburg, and who have been hiding in nearby mountains, just as the gang was making ready to haul their plunder to a new hiding place.

The thieves had guards out who signaled them when the officers approached. Mounting horses, the thieves made a dash for liberty, followed by the officers, a running fire being kept up between them. One of the robbers was arrested and warrants have been issued for several others.

BOWNE NOT GUILTY OF HERESY CHARGE

Was Also Acquitted a Second Time on New Charges Made by Prof. Cooke.

LIVELY TILT AFTER TRIAL

[By Private Wire to The Gazette.]

New York, April 7.—Prof. Borden P. Bowne of the Boston university is no heretic. This is the unanimous opinion of the 15 members assigned by the New York East conference of the M. E. church to try the charges brought against Prof. Bowne by the Rev. George A. Cooke of West Medford, Conn.

The verdict did not satisfy Mr. Cooke and he at once preferred new charges against Prof. Bowne, in which he accused Prof. Bowne of having written 13 libellous articles against the Rev. Dr. Edwin A. Shaw, formerly general secretary of the Epworth league. One of these articles appeared in Zion's Herald, the New England Methodist organ, which is edited by Dr. Charles Parkhurst.

These charges were promptly referred to a committee which reported that they were without foundation. They were dismissed, the whole matter taking less than 30 minutes. Mr. Cook said after the second report:

"Oh, there is no show for any one here against Bowne. It looks as if everything had been fixed. There may be some other way."

While the committee was considering the new charges there was a lively passage at arms betwee Bishop Foss and the Rev. Dr. James M. Buckley. Dr. Buckley started to say the plaintiff had plenty of time to state his case, in all, between six and seven hours, when Bishop Foss interrupted and said:

"The less said on this subject the better." To this Dr. Buckley replied:

"Mr. President, I am according to the calendar more than 50 years of age, and I am able to use my own judgment. I have seen a part of these new charges and he has now given them to the public before this conference has decided upon them. He has made himself liable to a prosecution for libel and if I were in the case I would have him in the courts and have a writ against him within two hours."

Bishop Foss declared the last remark out of order, and Dr. Buckley said he had a right to think it, so he withdrew the saying of it.

SULLY WAS DEFEATED.

Creditors Reject His Offer of Forty Cents on the Dollar.

NEW YORK, April 8.—The creditors of Daniel J. Sully & Co. held a meeting today, at which Sully's friends were beaten in an attempt to force an immediate settlement and retired from the meeting. Those remaining adopted a resolution continuing the creditors committee in power and instructing it to continue its work of inquiring into Sully's affairs.

It was said after the meeting that Sully's proposition to pay 40 cents on the dollar and give notes for three years had been rejected by a large vote.

RUSSIA IS NOW AFTER ARGENTINE WARSHIPS

ANOTHER CLASH AT MINE INQUEST

Chief Roderick Takes Vigorous Exceptions to Coroner McGeary's Methods.

BELL'S STRONG TESTIMONY

Hostilities were renewed between Coroner Jesse M. McGeary and Chief James E. Roderick of the bureau of mines at the inquest of the Harwick mine disaster yesterday. These officials clashed frequently while the witnesses were being examined. Chief Roderick told the coroner that he and his inspectors understood their business perfectly, and he did not believe that Coroner McGeary was so well informed. Coroner McGeary was told by Chief Roderick that he was too zealous to protect the interests of the Allegheny Coal Company and was trying to place the blame of the disaster on Inspector F. W. Cunningham. Coroner McGeary only examined a few witnesses yesterday, and it is likely that the inquest will be continued for another week.

That the mine was managed in a lax manner was intimated yesterday by Edward Bell, former superintendent of the Harwick mine. Bell was discharged by the coal company some 10 months ago. When the witness was examined by Inspector J. G. Roby he said the mine was not operated with care and prudence after he left. He said dust was permitted to accumulate in the mine and that the mine foreman and firebosses were careless in guarding the safety of the men. Bell told the jury a serious accident could have been averted had the mine been properly sprinkled. The witness said while he was in charge of the mine he enforced the observance of the mining laws to the smallest detail, and he knew as a matter of fact this was not done after he left the company.

It was the testimony of Robert North that renewed the warfare between Chief Roderick and Coroner McGeary. According to the mining laws the inspector must make an examination of the mine once every 90 days. Coroner McGeary asked the witness if he ever saw Inspector Cunningham at the mine.

The witness said he saw Inspector Cunningham at the mine once in seven months. Coroner McGeary handed the witness a record book of the mine, and it showed the mine had been inspected by Inspector Cunningham on March 17 and July 26, 1903.

Chief Roderick objected to these records being admitted as evidence, as it was not necessary for the mine inspector to sign the mine records when he made an examination.

"This is my record," said the coroner to Chief Roderick, "and that goes."

"Well, I will show you different by my records," answered Chief Roderick. "My men know their business."

Coroner McGeary endeavored to show that Inspector Cunningham had not visited the mine after October 7 until the explosion on January 25. Coroner McGeary and Chief Roderick said some harsh things to each other during this argument. After the inquest Chief Roderick said:

"This is a one-sided inquest. The coroner is trying to place the blame on Inspector Cunningham and shield those who are guilty. He is unfair. I understand he has his jurymen on in this case. Four of the jury served in the J. O. Brown inquest. Coroner McGeary can secure any sort of a verdict he wants. Inspector Cunningham inspected the Harwick mine March 11, April 21, July 17, October 7 and November 2 during last year. That was one more examination than was required by law."

HARRIMAN AFTER CONTROL OF THE NORTHERN PACIFIC

James J. Hill Declares That State Laws Will Frustrate the Plans of the New York Railroad Magnate.

[By Associated Press to The Gazette.]

CHICAGO, April 8.—In an interview relating to Northern Securities matters, James J. Hill, who was in Chicago today, said:

"Mr. Harriman undoubtedly is trying to secure control of the Northern Pacific. That is easy enough for any one to see. However, the laws of several of the states through which the Oregon Shore line and the Northern Pacific run are utterly opposed to such ownership or control, and I presume he would be prevented from accomplishing his purpose by those laws."

Asked whether Mr. Harriman would secure control of the road in event the courts sustain his views regarding the redistribution of Great Northern and Northern Pacific stock, Mr. Hill replied "He would not, in my opinion."

In the Harriman-Pierce petition it is stated that Mr. Harriman received nearly $9,000,000 together with Northern Securities stock in exchange for Northern Pacific stock. This sum was part of the purchase price of the common and preferred Northern Pacific stock held by Mr. Harriman. He sold his Northern Pacific stock absolutely and did not exchange it.

Speaking generally of the Securities decision, Mr. Hill said:

"The supreme court has affirmed the decision of the circuit court and, in order to comply with the terms of that decree, the Northern Securities company is making a ratable distribution of its railway stocks. In view of the fact that there were over 60,000 transfers and retransfers, this is the only equitable distribution that could possibly be made. Every stockholder has a right to have his legal status determined by the courts if he sees fit. The Union Pacific interests have the same right in this respect as any other shareholder except in so far as their rights might be affected by the Sherman act."

UTAH DELEGATES WERE PLEDGED TO ROOSEVELT

State Republican Convention Carries Out the Program Previously Arranged.

[Special Telegram to The Gazette.]

SALT LAKE CITY, UTAH, April 8.—The state Republican convention held here today adopted resolutions indorsing President Roosevelt and instructing the delegates that where chosen to vote for his nomination in the Chicago convention. This result was anticipated as it was arranged for at the recent Mormon session.

Before the convention was called to order there was considerable talk about a contest for delegates between the Kearns and anti-Kearns factions, but the following were selected without a breach in the harmony of the convention: George Sotherland, James H. Anderson, chairman of the state committee; C. E. Loose, E. E. Bullen, Jr., L. W. Shurtliff and W. F. Snyder.

DANCER WAS MURDERED.

Found Dead at End of Long Spree and Her Companion Was Arrested.

NEW YORK, April 8.—(Special.)—Bruised from head to foot, the body of Rose Beckett, a noted ballet mistress, was found this afternoon in her room at 211 West Fifth-eighth street. The room was in great disorder, indicating, according to the police, that there had been a wild struggle.

The police believe the woman was murdered. They have arrested Albert Rossiter, who first discovered the body. Both Rossiter's eyes were bruised, and he was apparently recovering from a long spree.

"I can't remember anything," he answered. She and I had been drinking. The last thing I remember is that we both fell to the floor. I did not regain consciousness until this afternoon. Then I was in my own room."

WALL OF FIRE BETWEEN PARENTS AND CHILDREN

Couple Unable to Rescue Them and Jump to Save Their Own Lives.

[By Associated Press to The Gazette.]

WILKESBARRE, April 8.—Four children of Mr. and Mrs. William Burke, were burned to death at Sebastopol, a suburb of Pittston, at 1 o'clock this morning.

THE DEAD:

HELEN, aged 14.
JAMES, aged 12.
MARY, aged 8.
MICHAEL, aged 6.

The family retired at the usual hour last night and about 1 o'clock this morning Mrs. Burke was awakened by the crackling of flames. She awakened her husband, and it was discovered that a wall of fire separated them from the two rear rooms occupied by the children. The frantic parents made a desperate attempt to reach the children but failed and they were forced to jump from the second story window to escape death.

The Pittston fire department responded but the building could not be saved. At 1:30 the charred bodies of the two younger children were recovered, and search was being made in the smoking ruins for the bodies of the other two victims.

MABEL PAGE'S FRIEND DEAD

Edith Coburn's Mutilated Body Found Upon Railroad Tracks.

MURDER SUSPECTED

Boston Shocked by Series of Tragic Deaths of Mysterious Character.

THE POLICE GROPE IN DARK

[Special Telegram to The Gazette.]

Boston, April 8.—In dumbfounding suddenness the murder of Mabel Page, which happened just a week ago, has been followed by another tragedy, the death of Miss Edith L. Coburn, whose nude body was found frightfully crushed on the tracks of the Boston & Maine railroad today.

The spot where the young woman's body was found was not far from the home of Mabel Page, who was murdered, and the home of Miss Page was not more than a half mile from the home of Miss Coburn. More remarkable than this, however, is the connection. Miss Coburn and Miss Page were friends. Miss Coburn was a cousin of Miss Cutter, and Miss Cutter was the most intimate friend that Miss Page had.

The Page mystery is as far from solution as ever. The death of Miss Coburn is also a mystery. She had been slightly affected mentally, and the murder of Miss Page so shocked her that she had to take to her bed. There is absolutely nothing positive about her being a suicide, and there is much that is suspicious in the manner and position in which her body was found. It is hinted that the slayer of Mabel Page revisited the scene of his crime and repeated his terrible offense.

The family are as much mystified as the police. They can only account for the tragedy by saying that the young woman, in a fit of aberration, fled from the house and ran down to the tracks, half a mile away, and threw herself before the onrushing train. But no explanation is offered of the fact that when the body was found it was absolutely nude.

There are wounds on her body that do not suggest that they were made by the wheels of a railroad train any more than did the position in which the body was found. There is a possibility Miss Coburn had such information concerning the probability of the identity of the slayer of Miss Page that it made her death a necessity. There will be an autopsy today that should reveal to the public the cause of Miss Coburn's death.

The result of the autopsy in the case of Miss Page is not yet fully disclosed.

The police today took into custody a farm hand, John Matty. It was learned that Matty had been in the vicinity of the Page home at a time when the murder is supposed to have been committed. The police would not say whether he knew anything of value or not.

GOADED ON DISORDERS.

Former Minister to Turkey Says Pamplets Urging Massacres Flooded South Russia.

NEW YORK, April 8.—Oscar S. Straus, former United States minister to Turkey, speaking of the cabled reports as to the fears of anti-Semitic massacres in Odessa and Kief in South Russia, said today that he had accurate knowledge that pamphlets and circulars were recently distributed in Odessa for the purpose of arousing the lower element in that city during the coming Russian Easter to repeat the massacres which took place a year ago in Kishenef.

"The matter," said Mr. Straus, "has been taken up by the British government, Lord Rotschild having brought it to the attention of Lord Lansdowne. In this country President Roosevelt promptly caused Secretary Hay to bring the situation to the attention of Ambassador Cassini at Washington. There is reason to believe that the action taken by the government at St. Petersburg in instructing Gov. Neidhart, who is in charge at Odessa, and Baron Kaulbers, who is in command of the troops in that district of Russia, will have the desired effect in checking any anti-Semitic manifestations."

Mine Office Is Dynamited.

CUMBERLAND, MD., April 8.—(Special.)—The scales and office of the Frostburg Mining Company, at Morrison, near Westernport, were dynamited today by an unknown person. The motive for the work cannot be conjectured by the officials. The affair created great excitement about the place and the damage will amount to over $1,000.

WEST IS SWEPT BY A BLIZZARD

Unparalleled April Storm Now Raging from Minnesota to Texas.

THREE LIVES LOST

Tornado Demolishes Buildings in a Texas Town and in Owensboro.

HEAVY SNOW IS FALLING

[Special Telegram to The Gazette.]

Chicago, Ill., April 8.—Reports from the northwest and southwest tonight show an almost unparalleled atmospheric condition for this season of the year. A blizzard is raging in Minnesota, South Dakota, Iowa and Missouri, while a tornado of great velocity is sweeping northward from Texas.

Three persons were killed and nine others hurt in the small town of Mexia, Texas.

The end of a tornado struck Owensboro, Ky., today and the street car power house and barns were demolished. Much other damage was done. Waves ran so high in the Ohio river that steamboats were compelled to tie up at shore.

HOUSTON, TEX., April 8.—A tornado which passed near the town of Mexia killed John Ballard, his wife and their four-year-old child. Nine unknown persons were injured, three of whom will die. Many houses were demolished and much damage was done to growing crops.

OMAHA, April 8.—A storm of rain, sleet and snow prevailed today, and tonight, at times reaching the proportions of a fierce blizzard. The temperature, however, was not low enough to cause any serious damage. Norfolk, Neb., reports the worst blizzard of the winter, with the probability of serious loss to ranchmen. The storm also extends over Western Iowa.

LINCOLN, NEB., April 8.—This section of Nebraska was today swept by the most severe April storm known in many years. A fine sheet of sleet and snow was driven by a wind that at times reached the velocity of a hurricane. Minor damage was reported from several towns.

KANSAS CITY, MO., April 8.—A blizzard raged last night and today over northern Missouri and eastern and central Kansas. A light snow fell and the wind blew at an average velocity of 30 miles an hour. The temperature fell rapidly.

BURLINGTON, IOWA, April 8.—A heavy snow storm prevails throughout southeastern Iowa. The storm is accompanied by cold high winds.

ST. PAUL, MINN., April 8.—Another severe wind and snow storm prevails over North and South Dakota today, and in some instances railroad traffic is blocked and telegraph service is seriously hindered.

HURON, S. D., April 8.—The fierce wind and snowstorm that has prevailed over the state east of the Black Hills for 36 hours has resulted in mammoth drifts which have seriously interrupted railroad and telegraphic communication. All trains are held at stations and none have been sent west or northwest over the Northwestern road from here today. No Great Northern trains have arrived or departed. Fears are entertained that heavy stock losses will result to herds on the open ranges.

SOME MORMONS DESIRE UTAH TO LOSE STATEHOOD

Radicals Against Polygamy in the Latter Day Saints Conference.

[By Associated Press to The Gazette.]

KIRTLAND, O., April 8.—It was decided at today's general conference of the reorganized church of Latter Day Saints that the next meeting shall be held at Lamoni, Ia., in 1905.

Charles Fry was elected for three years on the board of auditors and C. I. Carpenter, who was assistant general recorder, was elected to the office of general church librarian.

The greater part of today's session was given over to the discussion of the report of the Missouri district relative to the relations the reorganized church of Jesus Christ of Latter Day Saints shall bear to the Mormon church. The Missouri district reported resolutions that were regarded as too radical and they were not adopted; instead a committee of three was appointed to revise the report, that committee to report to the conference tomorrow.

In effect the Missouri district report recommended that congress be petitioned to legislate against the Utah Mormons and that they be disfranchised for violation of the state and national laws.

MUCH INTEREST IN PEACE TALK

Traction Quarrel Settlement Is Still Denied.

J. D. CALLERY'S SPIKE

Rumor of Eastern Parties Making Him Head of Philadelphia Company Denied.

GIVEN AND M'MULLIN RESIGN

Interest of the keenest sort was awakened again by the announcement in yesterday's Gazette that the terms of a peace arrangement between the so-called Verner syndicate and the Philadelphia Company had been practically agreed upon. The terms, as explained, were variously criticised. Many have believed from the start that the trouble would not be allowed to reach the courts, but few had known of the other plan of securing councilmanic legislation. From all directly concerned in the matter no admission of an agreement being reached could be obtained. M. K. McMullin denied all knowledge of it and Judge J. H. Reed, president of the Philadelphia Company, also stated that there was nothing of the kind that he knew of.

One new report was sprung yesterday and was quickly spiked: It was to the effect that the entire Philadelphia Company is to be reorganized by the eastern interests, mainly Baltimore and Philadelphia, who are said to control the majority of the stock. According to this rumor Judge Reed is to retire, to be succeeded in direct management of the company's affairs, if not as president, by J. D. Callery who is now president of the Pittsburgh Railways Company. Mr. Callery said last evening that this report is not true and that so far as he is concerned, 'here is nothing of the kind contemplated.

As on the previous day it was again reported that suit would be entered late in the afternoon by the Verner syndicate interests, through M. K. McMullin, to require the Philadelphia Company to turn over the charters to the syndicate. The court records did not, however, show that such a suit had been filed at the time of closing the court house.

As a result of the connection of M. K. McMullin and T. Hart Given with the Verner syndicate, their resignations as members of the board of directors of the Philadelphia Company have been tendered. The resignations, which are most formal and brief, are now in the hands of Judge Reed, chairman of the board, and will be acted on probably before the annual meeting of the board on the first Tuesday in May.

It was learned from an official of the Philadelphia Company, yesterday, that the resignations came as the result of advice from the company to the two directors concerned. M. K. McMullin said to a Gazette reporter a few days ago that if he did resign from the board it would not be with his consent. This was on Sunday. However the resignations were prepared on Tuesday, and placed in the hands of Judge Reed on Wednesday. On Monday The Gazette printed an interview which did not divulge the name of the speaker. In this interview Mr. McMullin made the statement that he would not retire with his consent.

A report has gained some currency to the effect that McMullin and Given, who have been heavy holders of Philadelphia Company stock, have disposed of practically all of most of it. The report cannot be verified.

DIED AS A HERO.

Victim of an Explosion Met Death With Three of His Comrades.

WASHINGTON, April 8.—Four men were killed in an explosion today at the Pinisch gas compressing plant in Southwest Washington. The dead are Stephen Henson, Joseph Cumberland, Charles W. Grigsby and an unknown negro. The explosion caused $2,000 damage to the building, covered by insurance.

Grigsby died later at the Emergency hospital. His injuries were the result of a heroic attempt to rescue his comrades. He rushed into the engine room and, catching Cumberland, who was buried in the debris, tried to drag him out. The flames rapidly enveloped Grigsby, but he released his hold on Grigsby only after the arrival of the firemen. He told the hospital physician that the disaster was caused by the gas becoming too high and the inability of the men to find the leak. "The room," said he, "must have been full, the gas kept rising and the roof was blown off."

Several witnesses were examined and another unsuccessful attempt was made to have the Guaranty Trust Company's books produced, or have the names of those who loaned $1,150,000 to the traction company made public.

Henry Carpenter, a well-known resident of McKeesport, is dead at his late home in Walnut street, McKeesport. Some years ago he was injured in a mill while at work and last winter he was again injured by a fall on the ice. These injuries are believed to have caused his death. For 28 years he was employed in the W. Dewees Wood plant. He removed to McKeesport from the old Carpenter homestead in the Greensburg pike when a young man and had resided in that city ever since. He was a member of the First Methodist Episcopal church. He is survived by his widow and two children, William and Herbert.

HUGE POLICEMAN DIES OF A HEART SEIZURE

Galloway Neal, Weight 420 Pounds, Was Sitting in a Chair When Summons Came—One of Tube City's Remarkable Sights.

Galloway Neal, the biggest policeman in the world, died yesterday at his home in McKeesport of heart seizure. Neal weighed 420 pounds and had been on the police force a year, having been appointed by Mayor George J. F. Falkenstein when he went into office.

Neal was 45 year old. He had been ill of the grip and was thought to be on the road to recovery, but as he was sitting in a chair yesterday he fell to the floor and expired in a few minutes.

In spite of his enormous weight Neal was quite active, having engaged in manual labor for many years, every year adding gradually to his weight. He was born in Cumberland, Md., conducted a hotel there for a time and went to McKeesport 15 years ago, being employed at the National Tube works until his appointment on the police force. He was stationed at the Baltimore & Ohio railroad crossing at Fifth avenue, McKeesport. He was a man of mild disposition, but his imposing appearance quelled disturbances where the efforts of two ordinary policemen would have availed little. He is survived by a widow and two children. He was a member of the Police Protective association of McKeesport.

Neal received numerous offers to represent firms at fairs and expositions in an advertising way, but he preferred to remain at home. He was widely known in Cumberland and his remains will be buried there. An escort from the McKeesport police force will be sent with the body.

TECHNICAL SCHOOLS' LECTURE ON COOKING

Second of Series Given Last Night by Miss Helen Kinne of Columbia University.

The second lecture of the Carnegie Technical schools' series was given last night at the Carnegie institute by Miss Helen Kinne of the Teachers' college of Columbia university. She treated the subjects, "Science of Preparing Foods" and "Economics of the Household" before a fairly large and appreciative audience. The speaker devoted much time to the consideration of cereals and breakfast foods.

Director Arthur A. Hamerschlag, so the speaker said, asked her if the American schools and colleges are turning out good cooks. She said that she replied in Yankee style by saying, "If they don't now, they will be in time."

Her instructions as to the preparation and cooking of food were most implicit. She spoke of fuel, the amount of water to be used the allotment of money for provisions and other matters of importance to the household.

The other lectures last night were as follows: Mt. Washington—Dr. Harold Pender "Physics;" McKeesport—Miss Irene McDermott "Dressmaking and Millinery;" Lawrenceville—Samuel Groves, "Mines, Furnace and Foundry;" Homestead—Miss Cornelia I. Trimble, "Science of Preparing Foods."

DINNER BY LAYMEN.

Pittsburgh Baptist Social Union Dine at Union Club—Officers Are Elected.

Prof. John R. Sampey of the Southern Baptist Theological seminary, Louisville, was the guest of honor last night at a dinner given by the Pittsburgh Baptist Social union in the quarters of the Union club, Frick building. Sixty-one members of the organization sat at the board. Prof. Sampey delivered a stirring address. His topic was "If I Were a Layman." The club is composed of laymen of the Baptist churches of Pittsburgh and Allegheny. Daniel Adhworth made response on behalf of the members of the union.

Previous to the speechmaking the annual election of officers took place, with the following result: President, William E. Lincoln; vice president, W. S. Power; secretary, J. F. Gibson; treasurer, W. E. Shaffiant; directors, C. H. Englemohr, Campbell Stenton, John B. Brittain, Dr. T. C. Van Kirk, C. C. Law.

A number of special musical selections were given by the male quartet of the Fourth Avenue Baptist church.

TRIAL WAS EXPENSIVE.

Case Against Mrs. Botkin Has Already Cost $80,000 and an Appeal Will Be Made.

SAN FRANCISCO, April 8.—In view of the notice given by Attorney Knight that an appeal would be taken from the conviction of Mrs. Cordelia Botkin, who was found guilty of the murder of Mrs. John P. Dunning, District Attorney Byington has notified the witnesses for the prosecution to who came from Dover, Del., to remain here temporarily.

It is understood to be the intention of the district attorney to have a warrant issued for the arrest of Mrs. Botkin, charging her with the murder of Mrs. Deane, a sister of Mrs. Dunning. The evidence in both cases being virtually the same, this action will permit the depositions of the Delaware witnesses to be taken while they are in the jurisdiction of the court.

It is estimated that the cost to the state of the prosecution of Mrs. Botkin thus far amounts to about $80,000.

PROPERTY GOING UP.

Oakland Board of Trade Rejoices Over the Ore Dust Decison.

An informal jubilee was held last night by the Oakland board of trade over the decision of the supreme court in the ore-dust case. Numerous addresses were made on the subject. Many members ventured the statement that Oakland properties would increase in value from 15 to 20 per cent when the nuisance is abated. The court's decision, the members believe, will boost values.

It was decided to dispense with the annual street fair and devote all energies to the outing of the board, which will be held at Kennywood park July 21.

MAN'S HANDS BLOWN OFF AND HIS EYES DESTROYED

INDIANA, PA., April 8.—(Special.)—An explosion occurred late this afternoon at the Packsaddle, about half a mile from Blairsville intersection, along the Pennsylvania railroad improvements being made by Contractor McNally. Harry Johnson, who was in charge of the powder house, was thawing out some dynamite this afternoon when it exploded in his hands, tearing them off and blowing out both his eyes. The shanty was blown to splinters.

ALIGHTED ON PASSERBY AFTER FALL FROM ROOF

Tumbling from the roof of a house on which he was at work in Penn avenue, McKeesport, yesterday David Gould, a carpenter, alighted on the shoulders of D. L. Campbell, who was passing along the street. Campbell was crushed to the ground, and Gould bounded from Campbell's body and fell on his head and shoulders. Campbell had his back badly injured, and Gould was taken to his home in Jenny Lind street in a serious condition, his life having been saved by Campbell's body breaking the force of his fall.

MAN IS KILLED BY A RUNAWAY DINKEY

Fatal Accident on Lumber Road Near Morgantown—Fireman Seriously Hurt.

[SPECIAL TELEGRAM TO THE GAZETTE.]
UNIONTOWN, PA., April 8.—A dinkey engine which became uncontrollable on a steep grade of the Huston Lumber Company's railroad at Outcrop about 8 o'clock this morning brought death to one man and serious injuries to another.

THE DEAD.

JOSEPH GRAHAM, aged 50, run over by the dinkey and killed instantly.

THE INJURED.

JAMES MYERS, aged 21, seriously injured, but may recover.

Myers was a fireman on the dinkey and Mr. Graham was riding on the engine going to his work. The grade is a very steep one, and, when the dinkey had gone up the hill, the steam would not hold the brakes down, and it started down hill at a rapid rate. Mr. Graham jumped, falling on two rails at the side of the track and rolling under the engine. Myers also jumped and was knocked to one side and rendered unconscious. The dinkey dashed on down the grade for about 150 yards and then jumped the track.

Mr. Graham leaves a wife and seven children. He came here about a year ago from Albemarle county, Va. The father of the boy says he will prosecute Dawson.

Bowman was standing at Fifth avenue and Mill street, Coraopolis, and was ordered by Dawson to move on. He stepped into the street, but declined to go any farther. Then he and Dawson got into a scuffle and Bowman ran. Dawson shooting several times and hitting him in the right thigh. Bowman went home. Dawson has been in office since April 1.

NEW ORGAN DEDICATED.

Varied Selections Given by Dr. Palmer at Shadyside Presbyterian Church.

Dr. Franklin Palmer of New York last evening before a large audience dedicated the new organ of the Shadyside Presbyterian church.

The program included the "Inflammatus" from Stabat Mater, by Mrs. Agnes V. Roberts. The organ selections were Rojaw's overture to Stradella; "In Paradisum," by DuBois; suite Gothique, choral, minuet Gothique, by Boellman. Then came four selections which showed the orchestral qualities of the four divisions of organ tones. First was the Chanconne, by Durand, which brought the flutes into play; then a selection for the reeds, for the strings and diapasons, pedals and full organ. Bach's grand fugue in D major was used for the latter. The architectural embellishments of the organ are beautiful.

SANG FOR EQUIPMENT.

Kingsley House Boys Give a Clever Minstrel Entertainment.

When the Kingsley house boys are in need of money to organize their baseball nines they are willing to sing for it. Last night they sang and shouted jokes for two hours and made enough by their show to equip two sturdy amateur clubs. The entertainment was given in the assembly hall of the Fulton street house and was modeled on the plan of a mock minstrel show. None of the entertainers was over 18 years of age. William H. Matthews, head worker of the Kingsley House association; Harry N. Moore and C. O. McVay had charge of the show.

After an overture given by the boys' orchestra of six pieces, the curtain rose showing the minstrels in black face and home-made tuxedos and seated in a half circle about the stage. They stood up as one man and sang "America" with spirit that won a hearty encore. They had banjos, mandolins and guitars, which made sweet music in contrast with the rattle of noisy bones. Willie Burt was the interlocutor and Archie Stroul, Tom McGovern, Eddie Stokes and John Masterson were the end men. After some side-splitting repartee and puns the minstrels stood and sang "My Old Kentucky Home." This brought down the house, and "On the Suwanee River" was given. With dialect sketches and jigs and a burlesque olio a pleasing evening of fun was rounded out.

Next week an athletic exhibition will be given and a silver cup will go to the contestant who wins the greatest number of points. On April 22 the Kingsley house girls will give a three-act play under the direction of Miss Alberta Harper.

SHOT BY CHIEF OF POLICE.

Coraopolis Negro Refused to Move on and Fought Officer.

George Bowman, a young negro, was shot on Thursday night by George Dawson, chief of police of Coraopolis, formerly a Pittsburgh policeman. The father of the boy says he will prosecute Dawson.

DeWitt Clinton Carroll Is Dead.

DeWitt Clinton Carroll, well known for many years in local business circles, died yesterday evening at his residence, Legend street and Fifth avenue, Point Breeze. He was 74 years of age. Mr. Carroll was the founder of the well-known boiler firm of D. W. C. Carroll, whose works were first located in the First ward, Allegheny. Later the plant was removed to River avenue, above Federal street, Allegheny. The firm then became the Carroll-Porter Boiler Company, the works now being in Rebecca street, Allegheny. Mr. Carroll retired from business several years ago. He is survived by a son.

Mad Dog Creates Excitement.

A mad dog created considerable excitement last night at South Thirteenth street. About 8 o'clock it ran into the undertaking establishment of Miller Bros., taking possession of the place. A number of men clubbed the animal out of the stables and it ran into the hallway of a dwelling house. Officer Charles Freeborn was sent for and he fired three shots into the canine. The dog is dead.

SLAV'S NOVEL EXCUSE DID NOT HELP HIM

When called upon to explain how he came to have two large brass castings in his pockets when arrested, Anton Gotos, a Slav, who was yesterday charged with larceny before Justice George W. Giles of Homestead, put up the most novel defense ever heard in this borough. Gotos was arrested in the yards of the Carnegie steel works. He alleged he had become despondent because he could not get work and decided to hang himself, using the heavy casting to help weight down his body. Gotos weighs about 200 pounds, and said that after fastening a rope to a steel beam he placed the other end around his neck, but when he jumped off the rope broke. His story was not believed and he was held for court.

BRIDE IS FAITHFUL TO HER SWINDLER HUSBAND

Mrs. Engleman Will Tell Nothing Which Will Lead to Recovery of Plunder.

[BY PRIVATE WIRE TO THE GAZETTE.]
PHILADELPHIA, April 8.—Serene in manner and smiling in countenance, George J. Engleman, after a night spent in a City hall cell, faced Magistrate Kochersperger in the Central police court this afternoon for a hearing on one of the many charges piled up against him. Mrs. Hannah Crouch told how the oily-tongued swindler, holding forth golden promises of the fortune to be made in a sanitarium they would conduct together, wheedled her out of $500, her lifetime savings. While Englemah, caught fast in the net the police of many cities have woven around him, faces the future unconcerned, his young wife, who came to this city from Washington today, steadfastly refuses to desert him. Mrs. Engleman arrived here early in the morning, accompanied by her father.

Mr. Ferree visited Acting Captain of Detectives Tate at the City hall soon after his arrival. He told of his daughter's demeanor toward her dishonored husband. The girl, despite all efforts that have been made to induce her to give Engleman up, is as devoted to him as when three months ago he took her as his bride. She will tell nothing that would lead to the recovery of any of the ill-gotten gains that the swindler is believed to have amassed, although it is thought that Engleman made her his confidant. When asked if he had anything to say, Engleman shook his head gently and replied: "Nothing whatever." Magistrate Kochersperger fixed bail on the one charge at $800.

NOT PRESIDENT'S YACHT.

Secretary Moody Answers Democrats With Reference to Use of the Mayflower.

WASHINGTON, April 8.—Replying to a criticism of the use of the naval steam yacht Mayflower, by Representative Williams of Mississippi, Representative Foss, chairman of the naval affairs committee, today filed a letter from Secretary Moody, who says the Mayflower is not, as was stated in the criticism, dominated "The president's yacht." Continuing the secretary says:

"The only use of the vessel made by the president or by his direction has been since the beginning of her present commission, June 28, 1902. During these 21 months she has cruised 22,000 miles. The president has spent aboard her a total of something less than 40 hours and has traveled in her 94 miles. Of these 40 hours, all except on one occasion, were spent in the performance of official duties. The total time spent on board the vessel by members of the president's family or guests has been one week, and the distance traveled while they have been aboard has been 410 miles. All expenditures of every nature occasioned by the visit of the president or any of his family or guests have been paid by him.

"I have the honor to say that according to the best of my knowledge and belief, the Mayflower has not been diverted an hour from any naval duty for which she was needed, nor has a dollar of the public money been expended for the pleasure or convenience of the president or any of his family or guests."

ZURHORST DOOMED.

Sandusky's Collector of the Port Slated for Removal in Near Future.

WASHINGTON, April 8. — (Special.) — Edward Zurhorst, collector of the port of Sandusky, O., is here with a committee of the board of trade of his city to try to get some harbor improvements there. This is Mr. Zurhorst's ostensible mission, but in reality he comes to ascertain whether or not he is slated for the sliding board, and he will find that the reports to this effect are true.

Charges have been filed against Zurhorst and his office has been the center of a fierce political factional fight in Ohio, it being claimed that the Foraker men were trying to get rid of him in order that one of their number might get the place. President Roosevelt has had the matter under consideration for some time, and it is now conceded that Zurhorst is to be succeeded by another man; whether a Foraker or a Dick man remains to be seen.

It is said that when the president makes the change he will let it be known that Zurhorst has been removed on charges and that the case is not to be considered in a political light.

BOYS STRIKE SHUTTING DOWN MILLS AT MARTINS FERRY

MARTINS FERRY, O., April 8.—The screw boys at the Laughlin plant of the American Sheet and Tin Plate Company quit work without explanation tonight, closing down 15 of the 23 mills, after being operated only about a week. When the employes agreed to accept a 20 per cent reduction over two weeks ago, pending the result of the Amalgamated conference in Pittsburgh, the screw boys declined to accept the cut, but a compromise was patched up. It is believed they heard a false report concerning the action of the Pittsburgh conference.

Distress After Eating

Nausea between meals, belching, vomiting, flatulence, fits of nervous headache, pain in the stomach, are all symptoms of dyspepsia, and the longer it is neglected the harder it is to cure it.

MRS. CLEVELAND IS UNPRETENTIOUS

Nurse in Sloane Maternal Hospital Regrets Failing to Recognize Her.

QUIET VISIT TO A PATIENT

THE PITTSBURGH GAZETTE BUREAU,
Herald Building, Herald Square,
NEW YORK, April 8.

Mrs. Grover Cleveland visited the Sloane Maternal hospital today, and one of the head nurses is still lamenting her failure to appreciate an opportunity which she had hoped for all her life.

When Mrs. Cleveland was sitting by the bedside of her friend the invalid introduced her to the nurse, who noticed a modestly dressed woman, but busied herself after her work and paid not further attention. An hour or so later a number of nurses were talking in the nurses room.

"Oh, wouldn't you love to have met her?"

"Meet who?" asked the nurse of Mrs. Cleveland's friend.

"Mrs. Grover Cleveland."

"Was she here?" asked the nurse. "I've wanted to see her all my life. I've her picture on my dresser. I admire her more than any woman I've ever read of."

"Why, you did meet her," returned a nurse. "Your patient introduced her to you not an hour ago."

Mrs. Cleveland's visits to the hospital always were quiet, and the unpretentious manner of the former first lady of the land prevented all but those who recognized her from knowing of her calling on her friend.

The nurse is lamenting her failure to improve the long-desired opportunity of talking to Mrs. Cleveland when she had the opportunity.

BATTLESHIP IOWA

ONE RESULT OF HER ACTIVITY IN THE SPANISH WAR.

An Experience of One of Bob Evans' Marine Engineers—A Direct Legacy of the Days of Action.

The part played by the United States battleship Iowa at Santiago and elsewhere in West Indian waters during the Spanish war, is pretty well known to the public. People are not, however, very familiar with the details of the life of her brave crew in time of active service, and hardly dream of the far-reaching consequences of the discipline which had to be maintained in those stirring times.

One of the brave men aboard the Iowa, who came out of the water unharmed by the shells of the enemy, bore about

with him for several years a very unpleasant reminder of his service on that famous ship. This man is Mr. George E. Parquette, now residing at 3346 Sixth avenue, Troy, N. Y., who was a marine engineer on the Iowa during the Spanish-American war when, under command of Capt. Bob Evans, she was performing brilliant exploits in battle and in filibuster-chasing in Cuban and Porto Rican waters. Of those days that tried men's bodies and souls, Mr. Parquette says:

"Whenever we were expecting an engagement our meals were very uncertain, and, when we did eat, we had to be minute men. The constant anxiety and haste affected my stomach and put it in a very bad condition which lasted for four years notwithstanding the fact that I was under a doctor's care. I could scarcely keep anything on my stomach and I suffered greatly from steady pains in the lower part of it. My appetite, too, was very poor and for four months I was in bed.

"Other troubles developed. I had severe headaches, and at times I felt as if something was clutching at my heart. My blood got out of order and I had fever and coughing spells. My stomach finally became so bad that I do not think it could possibly have been worse when I first heard of Dr. Williams' Pink Pills for Pale People, and began the course of treatment which finally cured me.

"I had never heard of this remedy until the fall of 1903, when a book describing it was left at my door. Then I bought a box of the pills and began to take them. I found surprising relief at once, and continued to use them until I was well. I have since then recommend them to many relatives and friends and I take great pleasure in praising them as a wonderful medicine for the stomach and blood."

Dr. Williams' Pink Pills for Pale People are sold by all druggists, or may be obtained directly from the Dr. Williams Medicine Company, Schenectady, N. Y., on receipt of the price, 50 cents per box; six boxes for $2 50.

FUTILE ATTEMPT TO BREAK SLATE

Patrick A. Manion Was Nominated for Chairmanship Against John F. Semmelrock.

FOUR MORE COMMITTEES MET

Director E. M. Bigelow's program for the organization of the standing committees of the new councils was almost completed yesterday. Four more committees met and elected the chairman announced last Monday by Director Bigelow. Common Councilman Thomas Scott of the Second ward was elected chairman of the committee on parks. This committee reports to common council and will meet at the call of the chairman.

Common Councilman John F. Semmelrock of the Twenty-sixth ward was elected chairman of the committee on bridges by a vote of 8 to 4. The four votes were cast for Select Councilman Patrick A. Manion of the Fourth ward. Manion was nominated by Max Friedman of the Seventh ward. Friedman's nomination was recognized as an attempt on the part of a certain element of councils to break the Bigelow slate. Those who voted for Manion were Friedman, L. P. Schneider, James Fullerton and John F. Semmelrock. Manion voted for Semmelrock. The committee reports to common council and voted to meet at the call of the chairman.

Select Councilman James J. Booth of the Fourteenth ward was elected chairman of the committee on libraries. Booth suggested that the committee meet at the call of the chair, because there was seldom any business for it to transact and it had met but once last year. This was agreed to.

The election of Select Councilman T. O. Atkinson of the Twenty-fifth ward as chairman of the committee on health and sanitation, although Atkinson was absent, was an example of how closely the Bigelow slate was followed. After Atkinson's election Thomas O'Brien was elected as chairman pro tem and the committee adjourned to meet at the call of the chair. This committee reports to select council. The clerks of common and select councils were elected clerks of the committees that report to their respective branches.

The committee on charities and corrections failed to get a quorum and Clerk E. W. Hassler postponed the organization of this committee until next Wednesday at 2 o'clock. Dr. E. R. Walters of the Twentieth ward, who is slated for chairman of this committee, was present.

The members of the old combine of select council who were appointed on the five committees scheduled to meet yesterday remained away, with one exception, and one of their number stated they were dissatisfied with their appointments and did not intend to participate in any of the committee meetings.

President J. Smiley Lightman and R. B. Ward, who are counted in making up quorums of all committees, were present yesterday and but for their presence several other committees would not have had quorums.

M. P. UNIVERSITY IS IN HARDEST STRAITS

Appeal Sent to Church for Aid. H. J. Heinz May Withdraw Support.

The Kansas City University, an institution conducted by the Methodist Protestant church, is in fear of losing its almost sole supporter, H. J. Heinz of Pittsburgh, and unless additional support is received before June the institution will be abandoned. The university is located on a plot of land consisting of 200 acres, which lies in close proximity to Kansas City, and is destined to become valuable.

Mr. Heinz has donated about $20,000 to the university and has advanced about $40,000 more toward meeting obligations of the institution. The board of trustees last June adopted a plan for securing funds needed for new buildings and to meet current expenses for the next five years. This was to be known as the emergency fund and was to be secured by asking 2,000 persons in the church to donate $5 yearly for five years. This request has received little support and Mr. Heinz now declares he will withdraw his support from the institution unless the emergency fund is made a success by June 1.

Letters of appeal are being sent to all churches of the Methodist Protestant denomination in the country and every effort will be made to retain the support of Mr. Heinz and save the university.

SKATING'S BANNER SEASON CAME TO AN END

Attendance at Duquesne Garden Since November 25 Was 220,000 Persons.

Skating in Pittsburgh at Duquesne garden under the management of A. S. McSwigan has undergone a series of evolutions. Last night, with an attendance of over 2,000 persons, the season was closed with much cheering, but the demonstration was confined to this alone, notwithstanding an extra force of policemen was engaged to preserve order. Not once was the shake of a mace required. Manager McSwigan was given a vote of thanks, the band played "Home, Sweet Home," and the crowd filed out with regrets, but entirely orderly.

The season was opened November 25, and was brought to a close several weeks later than usual. The attendance, considering all attractions, was 220,000. This is the banner year. The garden will remain dark until next season.

DETECTIVE PROSECUTED.

Charged With Failure to Comply With Provisions of the State Law.

Frank Joy of the Joy detective service, Lewis block, was arrested yesterday on information made before Alderman J. V. McMasters by W. H. Muncey, president of the Detectives' association, charging him with violating the act of 1887 in doing detective work without a license and advertising his agency as being licensed and bonded.

Joy is considered one of the ablest secret service men in the city, and his arrest caused some surprise. He is also principal of a school of telegraphy in the Lewis block, and for a long time he was connected with the Pennsylvania railroad as an operator and with the secret service bureau. Joy will be arraigned for a hearing today.

Glass Manufacturers to Meet.

The window glass manufacturers intend making another effort to form a selling agency to dispose of the output of the plants throughout the country. A meeting will be held in Cincinnati, April 13, for that purpose. The call was sent out by J. R. Johnston, of Hartford City, Ind.

MASTER DROPS DEAD OVER TRAGIC END OF PET CAT

Feline Jumped from Owner's Arms; Alighted Under Train; Mangled Body Was Pulled Out and Then Unknown Man Expired.

Shocked by the tragic end of his pet cat, which jumped from his arms and alighted under the wheels of a passing train, where it was killed, an unknown man, owner of the feline, dropped dead on the tracks of the Peters Creek branch of the Pennsylvania railroad at No. 7 mine of the Pittsburgh Terminal Railroad Company shortly after 6 o'clock last night. An epileptic spasm caused death. The body of the man and cat were removed to the undertaking establishment of J. B. Abraham of West Elizabeth, where they were cared for together.

The unknown man was about 40 years old. He was walking along the tracks carrying the large maltese cat in his arms. He was fondling the cat, who was purring and making a fuss over her master. A train came in sight. The man stepped to one side of the track while the engine and cars passed. The feline became frightened and jumped from his arms directly under the wheels of the train. It was mangled. The man threw his arms in the air and lay down at the side of the track. He reached under the wheels and snatched the mangled body of his pet from under the cars.

The unknown held the body of his pet in his arms for a moment and then dropped to the ground. Ben Lewis of South Hollow and some other miners rushed to his side and found him dead.

The inquest into the death of Charles R. Hensel, aged 4, who died July 5, 1903, while under an anaesthetic, was held yesterday, and the jury rendered a verdict that death was caused by heart disease and exonerated the attending physician from all responsibility. The boy's father, who lived at 90 Prospect street, was of the opinion that the boy's death could have been prevented and on December 16, 1903, asked Coroner McCleary to exhume the body at Calvary cemetery and make a postmortem examination. This was done.

"TECH" SCHOOLS WILL PRODUCE NO SMOKE

Neither Will Cinders Nor Dust Be Tolerated—Completing Material for Architects.

Although all departments of manufacturing in the Pittsburgh district will be represented in the completed Carnegie Technical schools, the work will be carried on without smoke, cinders or ore dust nuisances.

"We shall operate without any waste of this kind," said Director Hamerschlag yesterday. "The most improved devices will be used to overcome these troubles."

With the aid of committees from the different lines of industry, the director is now obtaining exact information regarding the needs for the equipment of each department of the schools. It is the intention to have practical work done there, as in real factories, mills and furnaces, and the extent of the buildings which will be needed will be very great. The special aim at present is to find the requisite floor areas to accommodate each department. With this basis the architects will have something definite to go ahead on.

The office is visited daily by architects. Yesterday New York, Chicago and St. Louis were represented among the visitors. In the meantime the choice of the architects who will be especially invited to enter the contest for the work is going ahead and their names will be announced in a short time.

DONNYBROOK WILL END IN A BLAZE OF GLORY

Lyceum Fair at Old City Hall Will Lift a Big Slice Off Debt.

Donnybrook fair at Old City hall will close tonight, and the proceeds likely will help to remove a large part of the debt resting on the Catholic lyceum. The fair until yesterday was open only at night, but this afternoon there will be a matinee, lasting from 2 until 5 o'clock. The matinee is intended especially for women and children, although, of course, the general public is also urged to come.

The contest in the baby show for first place has grown intense. Tonight will be the final struggle. Not only Irish and Irish-Americans, but the Germans and the Italians are expected to be on hand to cast votes, at 5 cents each, for the youthful representatives of their race. It is the universal belief that prettier babies were never before gathered together in a lyceum baby show.

Visitors to the fair are not annoyed by solicitations for votes or chances, as the rule allows no begging. There will be an auction sale at the fancy work booth at 11:30 p. m. Some of the prettiest things are still left. They are costly, too, but as Miss Madden, who has charge of the booth, said last night, they will be sold to the highest bidder, no matter how low the price offered may be.

WAYSIDE INN DEDICATION.

Final Arrangements for the Opening Will Be Completed Tomorrow.

Final arrangements for the dedication of the Wayside Inn for Aged Odd Fellows at Grove City will be completed at a special meeting of the Wayside Inn association to be held tomorrow afternoon in Mendel hall, 407 East Ohio street, Allegheny, at which about 350 delegates, representing the lodges in Western Pennsylvania, will be present.

The meeting was called by President Louis K. White immediately after the meeting of the board of directors of the institution Thursday morning. The directors have agreed upon July 21 as the date for the opening of the inn and their choice will be submitted at tomorrow's meeting.

In speaking of the dedication President White said:

"We expect that fully 60,000 people will attend the opening of the inn and we are making arangements to handle a crowd of this size. All the railroads into Grove City will run special trains and I believe that a commissary will be established to feed the visitors. There were nearly 40,000 people at the cornerstone laying last July. The buildings are rapidly nearing completion, plastering being the only work yet to be done."

WOULD CHANGE ORDINANCE.

Director McIlvain of Allegheny Interested in Water Meter Project.

When the finance committee of Allegheny councils meets next Monday night to consider the ordinance fixing water meter rates, Director E. J. McIlvain of the public works department will be present to suggest several amendments. The director thinks the measure, in its present form, is not specific enough and its provisions should be clear and binding. Councilman William E. Kimberlin of the Second ward is responsible for the bill. It was presented in common council and referred to the finance committee.

It is the intention of Director McIlvain to have inserted a clause compelling all manufactories, bottling houses, laundries, breweries, etc., to use water meters. Many of these establishments in Allegheny, he says, have no water meters and have no desire to use them. His purpose in making the use of the meters compulsory, he says, is to protect the small consumers.

WILL BUILD A NEW RECEIVING VAULT

Plans Prepared for Fine Structure for the Allegheny Cemetery.

A new receiving vault is to be erected in the Allegheny cemetery. The plans are being completed and will be submitted to the board of managers of the cemetery corporation within the next fortnight. The new structure will be one of the finest in the country and will be finished before next fall. No expense will be spared in its ornamentation and in providing it with commodious receptacles.

A popular contingency in the up-to-date funeral director's work makes a new vault an absolute necessity. Caskets and burial cases these days are made larger than formerly, and in some instances, lately, caskets were used which were too large for the old vault, had it been the desire of friends to place bodies there. The site of the new vault will be decided at the next meeting of the board. The choice will be between rebuilding on the site of the old vault or on a spot near the conservatory and just inside the Butler street gate.

The present receiving vault in the Allegheny cemetery was built in 1857 and is regarded as one of the best examples of pure Gothic architecture to be found on this side of the Atlantic. The new vault will be constructed with places for at least 60 bodies.

Republicans to Organize County Committee; Democrats to Hold District Primaries.

ALCORN PICKS THE CHAIRMEN

The Republicans and the Democrats will transact important business today, the former reorganizing their county committee and the Democrats holding primaries to elect delegates to the legislative conventions, which will meet next Tuesday. The Republican county committee will meet at 2 p. m. in the Pittsburgh common council chamber. There is no opposition to the present officers and they will undoubtedly be re-elected.

The Democratic primaries will last from 6 p. m. until 7 p. m. The legislative conventions will elect delegates to the state convention and after their election these delegates will caucus and choose district delegates to the Democratic national convention, a choice that will be ratified by the state convention when it meets. The district conventions have also the right to nominate candidates for the legislature, but only one, the Fourth district, may possibly make a nomination. Others will either postpone nominations or appoint committees to fill vacancies. The Fourth district is the only one in which the Democrats entertain any hope of electing their candidate.

Thomas B. Alcorn, the Democratic county chairman, yesterday set the time and place for Tuesday's conventions and names the temporary chairmen as follows:

First—Robert Beck, chairman; Allegheny common council chamber, 7:30 p. m.

Second—James McKay, chairman; Allegheny select council chamber, 7:30 p. m.

Third—Dennis J. Boyle, chairman; Pittsburgh select council chamber, 7:30 p. m.

Fourth—George S. Fleming, chairman; Duquesne school house, at Duquesne way and Eighth street, 7:30 p. m.

Fifth—William J. Brennen, chairman; Pittsburgh common council chamber, 7:30 p. m.

Sixth—Charles B. Payne, chairman; Pittsburgh common council chamber, 10 a. m.

Seventh—Con Casey, chairman; Allegheny common council chamber, 10 a. m.

Eighth—Maurice Thompson, chairman; Pittsburgh select council chamber, 10 a. m.

Thomas S. Bigelow said yesterday that he thought Senator M. S. Quay would be a candidate for re-election. Mr. Bigelow said when he last saw Quay he had urged the senator to stand for re-election. Richard R. Quay said yesterday that the report that he is to succeed his father as senator is imaginative and wholly absurd, and that he has no ambition to go to the United States senate.

Since the court granted a license to sell liquor to Alderman James R. Connor several residents of the Seventh ward have been circulating petitions for signatures to the governor for appointment. Among those who want the place are Constable James E. Glenn, Benjamin E. Barton, Harry Claire, Henry Erisman, Louis Catkissy and Louis Solomon.

CONSUMPTION
NO LONGER FATAL.

A Preparation Has Been Discovered That Actually Destroys the Tuberculosis Germs That Cause Consumption, Bronchitis and All Lung Troubles.

The Only Remedy Ever Discovered That Will Give Instant Relief and Positively Cure.

Lung-Germine, the great germ destroyer, was discovered by an old German doctor-scientist, and has cured hundreds of cases of consumption, bronchitis, asthma and catarrh in Germany and in this country. The German medical profession as well as American physicians and specialists, have declared Lung-Germine the only safe, reliable consumption and lung trouble germ destroyer ever discovered. It has stood the most rigid tests by noted physicians and has given positive proof that it kills the tuberculosis germs of consumption and destroys absolutely every symptom of this fatal disease. It has revolutionized the treatment of consumption and removed it from the list of deadly fatal diseases and placed it among the curables. This is an honest remedy that will cure you, no matter how aggravated the disease may be, and a demonstration with Lung-Germine will prove its valuable qualities. If you have consumption or any of its symptoms (coughing and hawking continually, spitting yellow and black matter, bleeding from the lungs, weak voice, flat chest, night sweats, flushed complexion, pain in chest, wasting away of flesh, etc.) we will send a Free Sample treatment by mail, postpaid, and also will send booklet and names of people, perhaps in your own town, who have been cured. Do not expect a sample will cure you, but even a trial treatment will show that it is pleasant to take and acts quickly. Reach out and grasp this God's gift to the sick. Don't wait until the doctors give you up to die, but sit down now and write today; help is within your reach. Address

Saturday, April 9, 1904.

By the report of the United States census bureau it appears that the population of the three cities of Allegheny county aggregate over 521,000. The large boroughs lying between them bring this total above 575,000. We do not include in this calculation other boroughs in other directions. It can thus be seen at a glance that the real Pittsburgh is larger than Baltimore, Cleveland or Cincinnati, not to mention San Francisco, which is close above what the census calls Pittsburgh. In the light of these facts can anyone doubt the wisdom of consolidating these communities and giving to Pittsburgh its proper position in the national statistics?

While the storm that has been raging in the west and is due to arrive here today is an unpleasant visitor, if is not altogether unusual. Snow and low temperatures have become common in April in this latitude. The older inhabitants declare they were formerly more rare. The cutting of the timber and other changes incident to the marvelous development of the United States have apparently caused changes in the climate during the past 50 years. Something may be done to restore it, especially in the matter of obtaining a more constant spring, and, if so, no pains should be spared to bring it about. It is not merely a question of comfort, but one of commercial advantage also.

King Christian of Denmark, who completed his eighty-sixth year yesterday, is the monarch of one of the small states of Europe, yet his influence is felt throughout the continent. It is a good influence, too, always on the side of peace and good order. The aged king has been mentioned as a possible arbitrator between Russia and Japan, but while he would be willing to put an end to war and able to decide impartially, Japan and Russia have no disposition to invoke his services. King Christian has been denominated as "the father-in-law of Europe" because his sons and daughters are wedded into so many of the royal families, and this fact has made his influence so strong, while his children have helped him to make it a good influence.

Russia has protested to the Chinese government against the employment of any more Japanese instructors for the Chinese army, the occasion being the arrival of a squad of Japanese officers at Gen. Ma's headquarters. Russia has a queer idea of a sovereign power, or else it cannot quite bring itself to believe that China is such a one. As a matter of fact it is none of Russia's business whether the Chinese have Japanese instructors or any instructors. It is no more the business of Russia to dictate upon this point than it is the business of the United States to do so. We can imagine the wail that would go up from all the capitals of Europe if Uncle Sam should undertake to tell Mexico where it should get military instructors or where it should not.

While the statement filed in the house by Representative Foss is a complete refutation of that previously made by Representative Williams, Democratic floor leader, it was not necessary. The attack of Mr. Williams upon President Roosevelt for using the Mayflower as a yacht was of no importance. The use by the president amounted to 40 hours and the total distance covered was 94 miles. But if it had been six weeks and 5,000 miles it would have made no difference. The ship is in commission, subject to certain duty. If the president can use it without interfering with the performance of that duty the public will be glad to have him do it. There is not, nor has there been, any popular objection to such use of government vessels by Cleveland, McKinley or Roosevelt. Mr. Williams' false statement did not cause even a ripple of indignation.

An unfortunate conflict has occurred between the coroner and the chief of the bureau of mines of the state over the inquest into the Harwick mine disaster. Their differences, however, may not interfere with arriving at a just conclusion. Apparently the antagonism arose out of an early remark of the coroner that the responsibility would not be "placed upon any dead man this time." The mine foreman and fireboss having lost their lives along with the miners at work, this remark was readily construed to mean that the coroner was looking toward the inspector of the district. The irritation has grown during the inquiry, fed by remarks from one side or the other. However, the coroner promises emphatically that nothing shall be allowed to prevent a fair consideration of the evidence or a just verdict. That is a correct attitude, and we hope will be the governing sentiment of the jury, which, after all, has the final say. The testimony has been very full and interesting. It will be published and distributed. The public will thus have an opportunity to become thoroughly familiar with it and to check it up with the verdict. If any injustice should be done it can be rectified by later proceedings, and this fact will naturally tend to make all concerned careful in the first consideration.

They Want Port Arthur.

There is no longer any doubt that the Japanese advance is up to the lower Yalu river and a smart engagement is reported beyond. It is doubtful, however, whether the Japanese will force the advance into Manchuria in that direction at present any faster than is necessary to occupy Russian attention. Their immediate objective is naturally Port Arthur, where the principal Russian fleet is located, and if they can reach that point by a landing of troops from Liao Tung gulf they are not likely to hurry troops over the long road from the Yalu river. The Yalu troops can be used to prevent the Russians from reinforcing Port Arthur from Liao Yang, the present base of Gen. Kuropatkin.

Russia's weak spot is its long line of communication over the Siberian railroad. That will grow weaker as the scene of warfare is desolated. At present the Russian army may live off Manchuria, but it cannot do so long. Russia may at any time attempt to regain control of the sea to relieve the stress on the Siberian line. But if Japan can take Port Arthur and capture or destroy the fleet there, Russia can never gain control of the sea. Its remaining fleets are hardly equal to the naval strength of Japan and would be at a disadvantage after a long cruise. They will hardly be sent to the far east if there is no possibility of joining their force with the fleet at Port Arthur.

Enough has been disclosed, despite the censorship, to make it clear that Japan is threatening the whole frontier of Manchuria on both the Yalu and Tumen rivers. But it is equally apparent that Port Arthur is the point where it desires to strike the first heavy blow. The occupation of Korea and the massing of troops near the border is important because it diverts the attention of Russia to that quarter and because it puts the Japanese army in position to begin a flanking movement if Russia should withdraw any of its force from the frontier to support Port Arthur. That is a part of the Japanese plan which, having Port Arthur as its prime objective, includes preparation for attack upon other vital points. Efforts to bottle the Port Arthur fleet in the harbor indicate the Japanese hope to acquire some of the Russian fighting ships for their own navy.

Chinese Exclusion Again.

Senator Thomas McDonald Patterson of Colorado has given congress a shock from which it will not recover for a day or two. Referring to the notice from the Chinese government that the treaty of 1894 will be void after December 7 next, Senator Patterson declared that unless congress takes immediate action in the matter there will be no bar to Chinese immigration after the date named. A hasty examination of the subject tends to prove Senator Patterson's contention.

By the treaty of 1880 the right of the United States to suspend or regulate Chinese immigration was stipulated. The treaty of 1894 recognized exclusion. The new commercial treaty opening Manchurian ports does not cover the question. It appears then that after December 7 next our only treaty with China bearing upon this question is that of 1880. Inasmuch as the recent act extending the period of exclusion expressly stipulates that it is subject to treaty provisions between the two countries, the abrogation of the treaty of 1894 becomes important. If it is desired to keep the Chinese out, congress must make that desire known by an act of suspension or regulation before the adjournment of the present session.

On the main question, whether or not it is necessary to exclude Chinese immigration, there exists honest difference of opinion. On the Pacific slope and even in the farther west the people are practically unanimous in the demand for exclusion. In other parts of the country the people are of two minds about it. The Pacific side of the continent is familiar with worse specimens of the Chinese than is the Atlantic side. On the other hand, the Atlantic side is more familiar with the lowest type of European immigrants that has preponderated among the importations for a decade or more. The civil Chinaman of the east is preferred by many to the uncivil European capable of nothing but common labor, degraded in his ideas of proper living and unsatisfactory in his personal habits. Under these circumstances it may be difficult to enact a law for the exclusion of the Chinese without a provision to exclude the hardly more desirable Europeans.

Emergency Fire Station.

On Tuesday next there will be a public test at Philadelphia of the new gas engine emergency fire pump station. It will be witnessed by insurance men and fire department chiefs of many cities. Philadelphia is proud of this new acquisition in the fire-fighting line since its private tests have demonstrated its ability to put heavy streams at the top of its tallest skyscrapers at a moment's notice. It is connected to a system of intercommunicating mains covering the business section out as far as Fourteenth street.

A station of that sort, it is claimed, would easily have saved Baltimore from destruction of its business district. Fire Chief Croker of New York was so impressed by his first view of it that he recommended a similar installation in New York, which has been, in turn, recommended by the board of estimate and indorsed by the aldermen. The New York station is to be operated by electricity. Either power is economical for intermittent, emergency service.

It is well worth while for Pittsburgh to give this matter attention. The recent water famine was a warning of what might befall this city at some time in the future. The plans for filtration now progressing will, when completed, be an assurance that a water famine will not again occur from the same cause. Even so, it may be found economical at times to fight fire with unfiltered water, and it would surely effect an economy in insurance rates to have that additional protection. A station like that at Philadelphia could at any time furnish five streams of water of twice the volume and twice the force of those from our largest portable engine. The cost of the Philadelphia plant has been moderate and the maintenance cost is comparatively light.

The Business Situation.

A distinct improvement has taken place in sentiment regarding the outlook for business. This can be directly traced to the action of the directors of the Steel Corporation in declaring the regular quarterly dividend on the preferred stock. The earnings of the corporation for the quarter were not sufficient to meet dividend requirements, but the increase in the orders booked and the outlook justified making up the deficit from the surplus of previous quarters. Last year, when the dividend on the common stock was reduced and finally passed, the earnings were sufficient to cover requirements, but the prospects were poor, and the public was not slow to grasp the view of the corporation's directors. Now the public adopts the view of a brighter outlook, and orders for material are being freely placed. Improvement was on the way before the action referred to, but confidence was lacking. Now a large contribution has been made to the general fund of confidence, and once properly started it is a plant of rapid growth.

Another important development of the week was the armistice declared in the contest between the builders and employes in New York. One of the most serious drawbacks to business last year was the strikes in a number of the larger cities, but particularly in New York, Chicago and Pittsburgh. These troubles prevented the large industrial and commercial centers from participating in the prosperity of the south and west, and was an important factor in aggravating the financial distress. The feeling became very bitter between the contestants, and finally corporations and individuals were driven from the field with their plans for extension and betterments. The assurance of lower cost of labor and material should be followed by a resumption of building operations on a large scale, and this will be an important step in the direction of a revival of activity in mercantile circles.

During the week gold exports were resumed to Europe for the first time this year, about $3,000,000 being sent to Paris. No similar movement in recent years was ever received with greater equanimity by the financial community. Rates for call money remained abnormally easy, and the amount of the metal which left New York was more than offset by the amount received at San Francisco from Japan. Then again, the weekly statements of the large foreign government banks reflected a rapid return to normal conditions in the money market at London and Paris, and, above all, the surplus reserves of the New York banks are several times larger than the season's average for any year since 1898. The treasury statement of April 1 showed $1,100,000,000 gold coin and gold certificates in circulation in the United States in addition to $248,000,000 in the treasury, a total of $1,348,000,000, the largest sum in the history of the country. The aggregate of all kinds of money in circulation on the 1st inst. was $2,516,639,223, a total never before equaled. The matter of gold exports and of the condition of domestic money markets is not now, therefore, a factor in the situation that need give concern.

A fair average degree of activity was maintained in the stock market and the tendency of values was steadily upward. Less attention was paid to the Northern Securities case and the attitude of the financiers interested therein. Several large corporation loans were reported as closed or in contemplation, which served to explain the recent expansion in bank loans and at the same time furnish evidence of the means which were being accumulated for the purpose of carrying out plans which last year were abandoned on account of financial stringency. Grain markets were less active, but prices are still relatively high and exports are checked thereby.

The assignment made by a Woman's club in Chicago shows that the fair sex may soon dispute the last field left to mere man, and bring out its own Napoleons of finance.

There are some Democrats who have foolishly expressed the opinion that Bryan will yet declare for Parker. Evidently the moon is still green cheese to some people.

ERASMUS WILSON.

"Oh, call not this a vale of tears,
A world of gloom and sorrow;
One-half the grief that o'er us comes,
From self we often borrow.
The earth is beautiful and good;
How long will man mistake it?
The folly is within ourselves;
The world is what we make it."

If you are looking for happiness, and looking in real earnest, you will find it, provided you look in right places.

Pleasure, happiness and contentment are everywhere except where they do not belong. These must have an atmosphere in which to exist, and they cannot exist outside of it.

You know when you are in this atmosphere. It is sweet, bracing and cheerful. Everywhere around are signs of comfort. Even the birds and domestic animals are comfortable. Anger and pride are nowhere to be seen. Helpfulness is the watchword and soulfulness the keynote.

Nor do you see men scrambling for money, nor women selling themselves for homes in which to shine for a brief spell and then disappear without leaving a trace of anything worth while to indicate they were here.

Happy, prosperous people are workers. Idlers are never happy, nor do they prosper the community in which they live.

* * * * *

If we could only get it well fixed in mind and head that our happiness hereafter will depend upon our ability to acquire and enjoy happiness here, how much happier and more prosperous we would be.

There is no such thing as having happiness thrust upon you. It must be sought for and acquired. Contentment is one of the prime elements of happiness. The spirit or the desire for contentment may be so cultivated that in spite of the ills of the flesh we can accept any necessary conditions with complacency.

Heaven would not be heaven were discontent there. And since our spirits, and these alone, enter heaven, if we have cultivated or even harbored the spirit of discontent, it will be impossible for us to enter this realm of pure content.

Fault-finders can have no place in heaven, only those who seek the good, the cheerful, the lovable in life, and study and strive to be content with what follows their honest efforts to do the right.

The only really happy people in this life are those who have earnestly and honestly tried to do right. Wrong-doing and neglect of duty are the things that make us discontented and unhappy here, and they will bar us from the happiness to be found in heaven.

* * * * *

And who is to blame for our discontent and unhappiness?

We always try to place the blame on someone else, even on our best friends, rather than take it upon ourselves.

This is not right, as we very well know. Repentance always precedes forgiveness. In fact, it is essential to forgiveness, since we cannot ask it without confessing that we have done wrong. And, since forgiveness is dependent upon repentance, if we are not honestly repentant we cannot receive forgiveness, nor should we ask it. But no matter whether we ask it or not, we will not receive it without being truly repentant.

To be truly repentant one must turn away from that which is repented of. That one has truly repented is always shown to the world by his conduct. And as for himself the evidence is so clearly shown in his feelings, in his sense of satisfaction, and in his increased happiness that he cannot be mistaken.

The whole thing, therefore, is to do right as you are enabled through your spirit to see and recognize the right.

What a great responsibility rests upon teachers—all teachers, whether spiritual or otherwise. And since parents are the true kindergarten and primary teachers, they should be made to realize this responsibility.

The trend of life is often established before the child starts to school.

* * * * *

The natural impulse of every rightly organized human being is to marry, just as it is the natural impulse of all animals to mate.

Therefore, one of the most important events in the life of every boy and girl will be the choice of a mate.

Unfortunately for the civilized races, marriage has become so idealized that it is hardly practicable; at least it too often fails to accomplish that which was intended.

Sentimentalists, story-tellers and mercenary novelists have made marriage a by-word, and love has lost its true meaning.

Is it any wonder that young people with honest hearts and right feelings are unable to determine the right thing to do? They have the natural desire to marry, but their teaching and their observations lead them to doubt their ability to select and choose for themselves.

If parents, and teachers, and preachers could fully realize that more than half of the ills and sufferings of life are due to ignorance concerning marriage and right living, they might do a little repenting and reforming themselves.

"If truth, and love, and gentle words
We took the pains to nourish,
The seeds of discontent would die,
And peace and concord flourish.
Oh, has not each some kindly thought?
Then let's at once awake it,
Believing that for good or ill
The world is what we make it."

Mr. Quiet Observer:—Although I have only been a reader of your column for a short time, I feel as if I ought to have a say about the "spooning" business.

First I will tell you that I am a country girl, not an old maid, for it is generally the old maids and old bachelors that are writing, and occasionally the married folks. Allow me to say right here that I don't think they ought to have anything to say on the subject of "spooning." Their "spooning" is past; not that I think a woman shouldn't be as dear to a man after marriage as before, but it seems as though nine-tenths of them are not.

I will say to "Ex-Spooner" that if I was his wife I would want to keep my eyes on him for fear he still might have a little inclination to "spoon" some, as he liked the art so well before marriage.

"Ex-Spooner" didn't think any of those girls that he did so much "spooning" with was good enough for him, yet he, a "spooner," thought he was good enough for one who never allowed her admirers the privilege of "spooning."

She who did not allow her affections trifled with by the "spooners" was entirely too good for him. That's my notion. She might as well have been one of those silly girls who allow the "spooning" as to take one of the "spooners," one who has trifled with the affections of others.

To the girls I will say not to allow the "spooners" to make sport of you. "Ex-Spooner" says that if you knew the remarks they make you would be more chary of allowing young men to "spoon." Yet he would help on with it if he was not already married. And remember that even after you have not allowed your affections trifled with, don't take one of the "spooners" at last, for that would only be encouraging the art of "spooning," and after they have become tired of the affection of others they will fall back on you.

I am only a girl, not an old maid, yet I will say to the girls that I am not in favor of "spooning." I don't intend my affections to be trifled with, but I haven't any notion of taking one who has trifled with the affections of others.

I think that we should live so that by our character we may gain a place in the next world, for I think that God did not mean that affections should be trifled with, which lead to such a sacred thing as marriage.

Hoping that our Quiet Observer will not give this a toss into the waste basket, but a place in his column, I remain a

GEORGE C. JENKS.

[By Private Wire to The Gazette.]

NEW YORK, April 8.—Republicans of this state intend to have a festival next week. The state convention, which will name representatives to the national convention, will meet in Carnegie hall on Tuesday, and as there will be nearly 1,000 delegates there besides many distinguished personages from all over the state and elsewhere, it can be understood that the big auditorium will be none too large. Gov. Odell and Senator T. C. Platt arrived here today. They appear to be on excellent terms personally, and laughed and chatted in the corridor of the Fifth Avenue hotel this evening as if there had been never a cloud on their political horizon since they had known each other. They seem to be working in unison, for it is arranged that they, with other leaders, shall meet in conference on Monday. Before that the senator and governor will make up their minds who shall be the presiding officer of the convention and agree on the points to be covered in the resolutions.

When the other leaders get together, their principal duties will be to ratify the decisions of Gov. Odell and Senator Platt. This arrangement leaves still in doubt the question of who is the real Republican leader of the state of New York. It is impossible to get a definite answer from either of the distinguished men who are managing affairs. Perhaps neither of them could answer it without the other, and it may be that they have agreed not to answer together. Still, so long as the Republican ship of state sails along easily and safely, it does not matter so very much whether you call the leader Odell or Platt.

Will Be "Miss Butler's Husband."

Society will enjoy a wedding sensation some time next month when the tallest young woman in the smart set, Miss Susan Louise Butler, will become the bride of Francis C. Huntington, son of the rector of Grace church. Miss Butler stands six feet two inches in her kid slippers, with her hair "worn low." The prospective bridegroom is five feet eight inches. Miss Butler plays golf, fences, swims and can sail a yacht.

Nothing Disturbs Motormen.

That "near side rule" for street cars is a threatening one for passengers who do not follow closely the regulations laid down by the Metropolitan company. Sometimes the motorman will stop on the farther side, as well as the near side, and sometimes he won't. It depends on his digestion, probably. Unhappy men with transfers often wait at the farther side to take the car, catch the rail and swing to the rear platform, while the motorman plunges ahead viciously. If the passenger has a good hold he is all right. If he has not, he may be slammed against one of the iron pillars of the "L" road which runs overhead for miles, with street cars beneath it and then there is likely to be a job for an ambulance doctor. A number of such collisions have occurred already. I saw a narrow escape from one this morning, but it did not worry the motorman.

Lobbyists Busy to the End.

Word comes from Albany that the "Black Horse Cavalry," as they call lobbyists, have been sweeping everything before them in the last day or two. The legislature will soon die, and the lobby feels the necessity of working quickly. "Grab" bills have been going through rapidly, and few pets of the professional "persuaders" have felt the icy hand of rejection. Scandalous behavior by the lobby in the closing days of New York legislature is not uncommon, but reports are that it has been worse than usual this week. Speaker Nixon today ejected the whole crowd from the assembly chamber, revoking all permits that had been given. This did not put the "third house" out of business, however. Its members are still working tooth-and-nail for their employers, and the governor will have anything but an easy task when he comes to make up his mind what to do about signing bills which bear the earmarks of special legislation.

Honored by the Czar.

One of the most distinguished decorations in the gift of the czar will come to New York. Nicholas' consul general here has been a commander of the Order of St. Vladimir. He has not been officially informed of the honor, but the news that the czar has conferred it on him it not doubted. The consul general is well known in New York, and since the beginning of the war with Japan has been more than ever in the public eye, although he has been consistently dumb in regard to the embroglio in the far east.

Colonial Dames Courteous But Firm.

That polite controversy between the Colonial Dames of America and the Daughters of the American Revolution as to which organization should have custody of the Jumel mansion on Washington heights has broken out again. The Colonial Dames, afraid that they may be misjudged, have issued a statement. They assure the Daughters of the American Revolution of the Dames' distinguished consideration, but insist that the Dames are the only proper persons to be entrusted with the care of Washington's old headquarters on the heights. The statement is courteous in the extreme. In fact, it may strike some people that perchance the ladies do protest too much. At all events, the next move should come from the Daughters, and a statement from them is expected hourly.

Embarrassment of Costumes.

"As You Like It" will be given tomorrow evening by students of the Normal college here. It is understood that embarrassments over the costuming of some of the characters, such as Touchstone, Orlando and even Rosalind herself in some acts will be got over as demurely as possible. If it is found that the attendance of gentlemen would be awkward, there may be a restricting of tickets only to members of the which will appear upon the stage. Even the orchestra will be composed entirely of young women.

Experience Worth the Cost.

For real downright excitement and boisterousness, the distribution of stylishly trimmed hats to a number of girls of the tenements yesterday undoubtedly took the millinery. The hats were given to members of a kindergarten class for proficiency in studies. A number of fashionable women had been working on them for weeks, and it is declared that some of the models were fresh from Paris, and may be seen in upper Fifth avenue today. The first prize was a hat with an immense golden butterfly. It was won by a little lady who said, with reference to her book of history: "I know the 'hull' of it. That's why I get the prize." Then there was a stampede, led by the boys, and maintained by the girls, and it was only by main strength that there were any hats left to distribute. The affair took place in Park row, and the dozen or so of yong men and women from "Millionaires row" said they would not have missed the experience for any money. Happily for the safety of the donors, they have to make these offerings of hats only once a year. If it came oftener, they would be pulled to pieces.

The Nation's Capital

L. W. STRAYER.

[By Private Wire to The Gazette.]

WASHINGTON, April 8.—Senator J. R. Burton of Kansas, who has just been sentenced to six months in jail and fined $2,500 for practicing before the postoffice department, today arrived in Washington, where he will remain while his appeal is pending. There was much interest manifested today in Mr. Burton's movements and those about the capitol were particularly curious as to whether he would attempt to take his seat in the senate chamber. But he did not. He spent the day in his office in the Maltby building, but did not go over to the capitol. If he had gone on the floor of the senate chamber he would have precipitated one of the greatest sensations of the century no doubt, and it is the opinion that the result would have been his summary expulsion from that body. Leaders of the senate have taken the view that nothing should be done in Mr. Burton's case until the court of last resort has passed upon it. They have contended that he is still a member of the senate and entitled to his seat in that body until there is no longer any chance of his legal vindication and he begins to serve out his sentence. When that time arrives the program will be for the appointment of a special committee to formally report to the senate that Senator Burton has been convicted of a criminal charge, whereupon the senate will pass a resolution declaring his seat vacant. It will make no investigation of his case, but will take the verdict of the court as evidence of his guilt and will act accordingly.

Might Change the View.

But if Mr. Burton should present himself in the senate chamber and attempt to participate in the proceedings, the leaders may take a very different view of the matter. Senators of both parties deeply feel the humiliation that has been put upon that body by the conviction of Burton, and any attempt upon his part to show a spirit of effrontery will be quickly resented. This would no doubt take the form of immediate expulsion without waiting for the final action of the court. However, it is not likely that Mr. Burton will embarrass the senate in this manner, as he has so far observed the proprieties of the situation very strictly. He has not appeared in the senate chamber since he was indicted by the grand jury and has in no way participated in the business of the senate. If he had taken his seat at any time during this period the wrath of his colleagues would doubtless have been brought down upon him severely. It is evident that Mr. Burton expects to spend six months in retirement and that he has come to Washington for the purpose of closing up his business affairs. He declines to discuss his case with the newspaper men and is apparently avoiding publicity as much as possible.

Must Take Up Chinese Question.

Chinese exclusion is a subject that is now demanding the attention of the administration. On December 7 of this year the present treaty with China expires by limitation, China having denounced the treaty as she was privileged to do at the end of 10 years from the time of its ratification in 1894. When the cabinet met today Secretary Hay brought the subject up and it was thoroughly discussed by the president and his advisers. Secretary Cortelyou, of the department of commerce and labor, who has been giving the matter a great deal of attention and investigation, was not present, and it was announced that no conclusion had been reached. China desires to get a more favorable treaty with this country, one that will not be so rigid in the exclusion of her subjects from the United States, but it is the opinion of prominent leaders of congress that there is little hope of making any material change in the existing terms. It is not believed that the interests of the laboring men of this country would permit of any change that would allow the coolie labor of China to come here and compete with American labor. It is possible that China, upon finding that this sentiment prevails, will withdraw her denunciation of the present treaty and in that event it would continue for another period of 10 years.

Interests the West.

Western members are especially interested in the Chinese question for the reason that most of the immigrants arrive at Pacific coast ports and locate in the western country. Senator Patterson of Colorado made a speech in the senate today in which he urged immediate action by congress. He said that there was no desire to delay the adjournment of congress by bringing this matter to the front at this time and that it could be accomplished very quickly merely by adding an amendment to the sundry civil bill. If this is done in the senate the question would only come before the house in the form of a conference report, and if agreed to, it would accomplish the end desired and would occupy but a trifling amount of time. Said he: "Unless legislation is had before congress adjourns every barrier against Chinese immigration that has been built up will be removed on the 7th of December next, and the ports of the country thrown open to the unrestricted coming of the Chinese hordes, whose invasion of the United States was arrested 22 years ago." He based this opinion upon China's denunciation of the treaty of 1894, making it of no effect after December 7 of this year. Had China not denounced the treaty, there would be no trouble now with the exclusion laws, for the act of 1902 would have kept them all in force. But with the treaty of 1894 out of the way, under the act of 1902 our exclusion laws will all fall to the ground on December 7. The cause of this, he said, was the unusual wording of the act of 1902. A number of leading Republican senators listened with interest to the speech of Senator Patterson, but none of them gave any indication of a policy determined upon by the administration. It is possible, however, that the suggestion for an amendment to the sundry civil bill may be adopted, or, if not that, a separate bill may be rushed through at this session. Whatever plan may be adopted, it is certain that the Republicans have no intention of abandoning the policy of protection of American workingmen from the competition of cheap Chinese labor.

Capt. Bullock Visits President.

Capt. Seth Bullock, one of President Roosevelt's western friends, was a guest at the White House today and had luncheon with the president. Capt. Bullock was the first sheriff of Deadwood, S. D., and as a rancher, scout, hunter and dead shot he is known all through the west. He accompanied the president on his memorable ride over the mountains from Fort Laramie on his late western trip and he has hunted with him on numerous occasions. Bullock is not much of a politician and he was looking for pointers here. He asked who was likely to be Roosevelt's opponent as the Democratic candidate for president, and when someone told him that it did not make much difference as Roosevelt was sure to be elected anyway, he was pleased. When Roosevelt was making the campaign for vice president he had a meeting at Deadwood and some of the citizens of that town were worried lest the turbulent spirits might not be able to contain their enthusiasm, but would be led to "shoot up" the town and give vent to their feelings in a manner not countenanced in the east. They did not want the town disgraced by any such proceedings and they went to Capt. Bullock, who was sheriff then, and consulted with him.

Sent Word He Would Kill.

"The boys won't get drunk and raise any Cain on this occasion," Sheriff Bullock assured them. "I have sent word to all of them through Dugan's saloon that if anybody starts any trouble here I will kill him. The boys know that is the word with the bark on it and they will be good." And they were. There was no shooting when Mr. Roosevelt visited Deadwood. Bullock's reputation as a shot and his disposition to make good on any threats that he might indulge in was a restraining influence to insure the best of order.

Something Substantial.

There is a bitter war on between McCarren and the Tammany leaders. The factions are sure to carry their animosities to the polls. They know that there is no chance of electing a Democratic president and they are ready to fight for factional supremacy only.—Buffalo Commercial.

Probably Worth No More.

A Michigan state senator is on trial for receiving a bribe of $200. This seems to suggest that the price of state senators is not very high in Michigan.—Buffalo Courier.

DELEGATION WILL CALL ON BIGELOW

Fourteenth Warders Fear Wilmot Street Bridge Will Not Be Built.

BIDS WERE NOT ADVERTISED

Director E. M. Bigelow in a few days probably will be visited by a delegation of Fourteenth ward citizens who want to know when the bridge will be built from Wilmot street into Schenley park. Director Bigelow has advertised for bids for the reconstruction and repair of other bridges of the city authorized by the appropriation ordinance this year, including the Point bridge, but the Wilmot street bridge has been neglected although there is $150,000 lying in the city treasury for it.

The Fourteenth warders fear the bridge may not be built and that the money may be applied to some other purpose. This was what happened to the first appropriation for the Wilmot street bridge several years ago.

"I believe that the Wilmot street bridge has been overlooked intentionally," said ex-Councilman W. H. Stevenson yesterday.

The appropriation for the bridge was made at the instance of Mr. Stevenson and Controller John B. Larkin. Continuing Mr. Stevenson said:

"We will inquire of the public works department when the bridge is to be built. You know that Director Bigelow has acquired the habit of transferring money from one fund to another, and it is a habit that grows on a person.

"If the bridge is not built it will be because the public works department does not want it built. The Fourteenth ward lost the bridge several years ago by the money being transferred, and we don't propose to lose it again if we can help ourselves. The first appropriation was made when Mr. Bigelow was director before, and $100,000 of it was transferred to another fund.

"When Dr. J. Guy McCandless was director he said a bridge at Wilmot street was not necessary and he proposed to build a foot-bridge, but this was scorned by the Fourteenth ward people. When the bureau of bridges was abolished we found about $50,000 there which we had put back in the Wilmot street bridge fund. Councils appropriated about $98,000 additional this year."

BOARDWALK PROMENADERS SAW LIVES OF NINE SAVED

Fishing Boat Wrecked Off Atlantic City, but Crew Was Rescued.

[From a Staff Correspondent.]
[Special Telegram to The Gazette.]

ATLANTIC CITY, N. J., April 8.—Thousands of promenaders gathered on the upper end of the boardwalk today to watch the thrilling rescue of the captain and 18 men of the crew of the fishing schooner Rival, which struck on the shoals opposite the light house during a heavy fog. Every man was saved by the government crew, but the vessel, with her load of fish, is being pounded to pieces by the waves, and will probably be a total loss.

The vessel had been out on the fishing banks of Cape Henry and was returning to New York. The fog shut out the rays of the Atlantic City beacon and the craft struck the bar with terrific force. Big waves pounded her down and the crew took to a fishing dory in an attempt to land. They made several efforts to get through the surf and had about given up hope when sighted by a government patrol who called out the life savers.

When the men were picked up they were nearly exhausted.

Two other thrilling events made the day one of excitement in the city. While William Sprott, a contractor, residing in the Chelsea section, was returning to his home, a team of maddened horses broke away from their driver, dashed up on the sidewalk and struck him, grinding him to death beneath their hoofs. A number of visitors passing in a trolley car witnessed the accident and several women fainted.

ANGLO-FRENCH TREATY SIGNED

England and France Come to Agreement About Africa and New Foundland.

FISHERIES SORE IS HEALED

[Associated Press Cable to The Gazette.]

LONDON, April 8.—The Anglo-French colonial treaty was signed in the foreign office in London today. It comprises three separate instruments, the main features of which have been outlined from time to time in the Associated Press dispatches.

By the terms of the treaty the present political situation in Morocco and in Egypt remains unchanged and a full agreement is reached regarding Egyptian finances. Great Britain recognizes the right of France to guard the tranquility of Morocco, while France will not impede the action of Great Britain in Egypt, and Great Britain adheres to the convention of 1888 for the tranquility of the Suez canal. It is agreed that public works and undertaking in Egypt and Morocco shall remain in the hands of the respective states, etc.

In Newfoundland France foregoes exclusive fishing rights on the French shore, though retaining her right to fish for bait. The bait bill of 1886 is modified so as to give Newfoundlanders the right to sell bait to the French fishermen. Indemnities will be given the owners and employes of the French establishments on the French shore in exchange for the abandoned fishing rights.

France obtains three concessions regarding territory in West Africa. Under the terms of the first there is to be a territorial readjustment on the Zambezi giving France access to the portion of the river navigable to ocean-going ships; under the second France secures six Los islands, and under the third there is to be a readjustment of the frontier line between the river Niger and Lake Tchad, giving France a route through a fertile country.

CATHOLICS MUST FIGHT THE EVILS OF ANARCHY

Army of Socialist Organizers Already at Work Throughout the Country.

[By Associated Press to The Gazette.]

WASHINGTON, D. C., April 8.—The "Menace of Socialism and Anarchy" formed the theme of the principal paper read at today's session of the missionary conference at the Catholic university. It was read by the Rev. William Stevens Kress of Cleveland, O., who said that there is a small army of organizers working with fanatic zeal for the spread of the faith, and argued that the Catholic church was the only force that could cope successfully "with the socialistic anaconda."

At the afternoon session a paper presented by the Rev. William Sullivan, a Paulist father, on how to meet the rationalist or agnostic tendencies, caused considerable discussion. Father Sullivan's paper dealt especially with agnostic influences in the big university cities.

"I speak not of the agnosticism of a simpering woman," he said, "but of the thinking man. The agnosticism of the student who has by scientific research reached the conclusion that all religion is a matter of sentiment is the man with whom we must deal."

Judge William Robinson, dean of the law school of the Catholic university, declared that the greatest evil against which the young Catholic students should be warned "is that of forming alliances in the homes of non-Catholics, a practice leading to the contracting of marriages outside of the Catholic church."

SHAFER SITS AS A JUDGE.

Expanded Conference of A. A. of I. S. & T. W. Assumes the Character of a Court Trial.

The sheet and tin plate manufacturers failed to complete their arguments before the delegates to the expanded conference of the Amalgamated Association of Iron, Steel and Tin Workers, regarding the necessity of accepting a reduction of 20 per cent. Another joint session will be held this morning.

The conference is assuming the character of a court trial. President Theodore Shafer is acting as a judge and the delegates as jury. The Independent manufacturers are the defendants and the American Sheet and Tin Plate Company the plaintiff. The plaintiffs charge the defendants with violating the laws of the Amalgamated Association, and ask for the same privilege. The defendants deny the charge.

The Amalgamated association jury expects to retire this afternoon, but a verdict is not expected before Monday evening.

BILLIARD TIE BROKEN.

Campbell Defeated and Tootill Now Holds the Lead.

In the first game Campbell had a run of hard luck and was defeated by Cole. In the second game Tootill won from Morrison 25 to 11. There will be no game tonight, but they will be resumed on Monday.

SLEEPING IN CHURCH NOT RESULT OF SERMONS

Dr. Marshall Tells American Philosophical Society "Crowd Poison" Is the Cause.

[By Private Wire to The Gazette.]

PHILADELPHIA, April 8.—Dr. John Marshall, professor of chemistry and toxicology at the University of Pennsylvania, today advanced the theory to members of the American Philosophical society, at their second day's session, that "crowd poison" is what induces slumber in churches, theaters and other places of public assembly. "Crowd poison," Dr. Marshall explained, is an element among the carbon dioxides and other organic compounds given off by large assemblages. It has never been isolated, but Prof. Marshall was of the opinion that it is a form of ptomaine.

At any rate, its effect is sedative and because of its volatile nature, Dr. Marshall was sure its tranquilizing influence would manifest itself first in the upper part of any auditorium where it was present. It was left for the society to conjecture that this and not the prosiness of preachers was responsible for the Rip Van Winkles of the church balconies, any more than was the lamentable efforts of misfit comedians accountable for outbreaks of somnolence among the theater "gods."

CHESTER D. POTTER.

OPPOSED TO UNION.

Lake Carriers' Committee Will Not Deal With Association of Employes.

CLEVELAND, April 8.—The members of the executive committee of the Lake Carriers' association will not treat with the captains as members of the Masters and Pilots' association and will not make arrangements with them for the coming season through that association. The members of the executive committee have heard from the leading owners on the matter and they all want to deal with the captains as individuals.

In explanation of this action, H. Coulby of the Pittsburgh Steamship Company's fleet said: "We want to get back to the old plan where the captain will be master of the ship in every sense of the word, so that when he gives an order it will be carried out at once, before the rules of some organization of which he is a member is consulted."

St. Mary's Roman Catholic Church, Allegheny, Scene of the Celebration.

BISHOP LEO HEID A VISITOR

After a separation of 25 years, in which time they have served their church in different parts of the United States, three Catholic priests met yesterday in St. Mary's Roman Catholic church, Allegheny and celebrated Levitical high mass. The celebrants are the Rev. Father Cyrill Rettger of Louisville, Col., the Rev. Father Severin Laufenberg of Cullman, Ala., and the Rev. Father Constantine Leber, assistant pastor of St. Mary's, Allegheny. The Rev. Father Boniface Wirtner of Carrolltown, Pa., was to have been present, but was prevented by illness. The Rt. Rev. Father J. F. Regis Canevin, coadjutor bishop of St. Paul's Cathedral of Pittsburgh, was present at the service.

The trio of priests were graduated from St. Vincent's school, near Latrobe, a quarter of a century ago, and on April 8, 1879 were ordained in Pittsburgh by the Rt. Rev. Bishop John Tuigg. The fifth member of the class, the Rev. Father Alto Heer, who was pastor of St. Boniface church, Cambria county, died two years ago in Pittsburgh. Shortly after their ordination the three young priests were assigned charges. It is a coincidence that all have at times had charge of St. Mary's parish and preached in the edifice in which they gathered yesterday to celebrate their silver anniversary. The Rev. Father Boniface Wirtner, the absent member of the class of '79, served at St. Mary's for two years.

The mass at 8 o'clock yesterday morning was celebrated by the Rev. Father Cyrill Retger. He was assisted by the Rev. Father Severin Laufenberg as deacon and the Rev. Father Constantine Leber as subdeacon. Bishop Canevin was a member of the class at St. Vincent's in '79, but was not ordained until June 6, following the date of ordination of his brother-priests.

Bishop Leo Heid of North Carolina, who was graduated from St. Vincent's in 1875, was a visitor at St. Mary's priory yesterday and met his old classmates for the first time in many years. He will be present at the special service that will be held in St. Mary's tomorrow morning at 10 o'clock. Levitical high mass will be said by the Rev. Constantine Leber, assisted by the Rev. Father Severin Laufenberg as deacon and the Rev. Father Sweetbert as sub-deacon. The Rev. Father Anselm Soehler will preach. The celebrants of the occasion and those who will assist are members of the Order of St. Benedict.

Many of the members of the parish of St. Mary called yesterday at the rectory to pay their respects to the visitors.

BIG ADDITIONS PLANNED BY ALLIS-CHALMERS CO.

Pittsburgh Engineers Now in Charge Will Increase Output of Engines.

[SPECIAL TELEGRAM TO THE GAZETTE.]

MILWAUKEE, April 8.—As soon as business picks up the Allis-Chalmers Company will increase the size of its plant at Milwaukee and increase the output of its other plants at Scranton, Chicago and Buffalo, and also the newly acquired electrical plant of the Bullock Engineering Company at Chicago. This is in brief the substance of a statement made here today by Asa M. Mattice, the new chief engineer of the company, who arrived here from Pittsburgh, and Arthur Warren and B. H. Warren, also of Pittsburgh.

Mr. Mattice will make his headquarters at the Milwaukee plant of the company, though it was expected at first that he would direct the company's operations from the West Allis factory. In talking of the company's plans Arthur Warren said:

"The Allis-Chalmers Company is the only one in the world which is building machinery operated by the four prime movers—steam, water, electrical, and gas. The recent purchase by the company of the Bullock Engineering Company's plant at Cincinnati, practically the most completely equipped plant in existence for the manufacture of electrical engines, completed the list, and the electrical engines of the company will be turned out from that plant.

"We are devising a new trade mark to symbolize the fact that we make four kinds of machinery which will be an adaptation of the old trade mark of the company. It will contain the motto 'Ours the four powers,' and surrounding this will be the words 'Steam, water, electricity, gas.'

"The manufacture of steam turbines will be carried on at the West Allis plant of the company.

"The Allis-Chalmers Company has been worsinged at its full capacity a payroll of 15,000 men at its six plants. The works at West Allis were so planned as to permit large extensions, and when a revival of business comes there is no doubt that the plant will be extended."

Homeopathic Hospital Benefit.

Extensive arrangements are being made for the Homeopathic hospital benefit at the summer home of Mr. and Mrs. Francis H. Skelding in Oakmont on the afternoon and evening of June 16. The benefit will take the form of a rose fete, and the women under whose direction it will be given are at present making paper roses by the hundreds with which to entirely cover the different booths and tables. During the afternoon an original play, "Rose Entrancing," a fairy and flower masque, will be given by 25 Oakmont children. The play will include a dainty rose dance. There will be many other new and novel features introduced by the prominent Pittsburgh and Oakmont women who are planning the affair. Supper will be served on the wide piazzas of the Skelding home, which is an ideal place for such an entertainment. Mr. and Mrs. Skelding and their family will close their city home in Morewood avenue, Shadyside, the first of May and go to Oakmont for the summer.

Reception, Dinner and Cards.

Mrs. Cyrus S. Gray of Graham street, East End, was assisted by a large reception from 2 until 5 o'clock yesterday afternoon in honor of her son's bride, Mrs. Joseph Wilson Gray. The reception was followed by a dinner for 50 guests in the evening. Euchre for the guests and an equal number of men was given. Gill, Mrs. Marshall Brown, Mrs. Harry Dunlarry, Miss Olive Monroe, Miss Clara McFeely, Miss Anna McFeely, Miss Eleanor Kuhn, Miss Elizabeth Robbins and Miss Sarah Gray. Eight tables were in use at the euchre.

Wedding Invitations Issued.

Edward L. Dunbar of South Negley avenue issued cards on Thursday for the marriage of his daughter, Miss Sallie Speer Dunbar, and Alexander M. Speer, Jr., on Tuesday, April 26. The wedding will be a brilliant affair in the home of Mr and Mrs. James Speer Kuhn, an uncle and aunt of the bride-elect, in Forbes street and Morewood avenue. The wedding hour is 5 o'clock, and the bride will have for her maid of honor and only attendant her sister, Miss Fannie Dunbar. In addition to the ushers J. Bissell Speer, a brother of the bridegroom, will be the best man. After their wedding trip Mr. Speer and his bride will reside in this city.

The engagement of the young couple was announced early in the winter at a handsome little tea at which Mrs. William Speer Kuhn of Morewood avenue was hostess. Miss Dunbar, who is a St. Margaret's graduate, made her first appearance in society two winters ago. Her fiance is a son of Dr. and Mrs. Alexander M. Speer of Center avenue and is a Yale man.

Fifth Birthday Anniversary.

Three small cousins and a little sister assisted Master John Liggett Hill, in celebrating his fifth birthday anniversary yesterday at the home of his parents, Mr and Mrs. John Liggett, Jr., in Maryland avenue. The guests were Harriet Cosby Darley, Drusilla Peter Darley, Gertrude Elizabeth Darley and Della Elizabeth Liggett. Mrs. Liggett gave a dinner for the children and Mr. and Mrs. A. B. Darley, Jr., in the evening other guests called and there was an informal musicale. The dinner decorations were carried out with white daffodils and jonquils, surrounding a large birthday cake surmounted by five candles and a candy Easter lily. The favors were boxes of bon bons, on which stood chickens and rabbits.

Mrs. Dupuy's Dinner Dance.

One of the ultra-smart affairs of the early spring season was Mrs. Herbert DuPuy's dinner dance last evening at her home in Negley avenue, Allegheny. The guest of honor was Miss Maud Spencer of Erie, a niece of the hostess, who is visiting Mrs. DuPuy and her two daughters, Miss Amy DuPuy and Miss Eleanor DuPuy. The guests included the debutantes of this season, a few of the older girls and a number of friends of Charles M. Dupuy, who is now home for his spring vacation from the Herstrom school in Norwalk, Conn. He will return to school late next week. The dancing was general, there being no figures. The entire first floor was thrown open for the dance.

Wedded Thirty-Five Years.

Thirty-five years ago Miss Ettie Sheridan and R. L. Dudley were quietly married by the Rev. E. M. Wood in Sharpsburg. Last evening Mr. and Mrs. Dudley celebrated their wedding anniversary by giving a dinner of 16 covers at their home in Wilkinsburg. Weldin, Mr. and Mrs. Harry Evans, Mr. and Mrs. William Evans, Mrs. Eliza Graham and her son, William Graham, and the Rev. Mr. and Mrs. Theodore Eaton. Plans for Large Entertainments.

The members of the Oakmont Boat club are planning to give a large card party late in May in the new club house, part of which they expect will be finished by that time. Last evening a smoker was given in Grand Army hall, Verona, by the men of the club. It was well attended and after an hour of cards in the early part of the evening there was supper, followed by a musicale under the direction of Frank Milton Hunter of the East End. Mr. Hunter was assisted by Ferdinand Stewart, pianist; George Wagner, bass, and C. L. Tyle, tenor.

Coming Back to Pittsburgh.

Mr. and Mrs. Noble Allen Birge of Sherman, Tex., are expected in Pittsburgh during the early part of June to remain for the rest of the summer. Mrs. Birge will be remembered as Miss Pearl Cropsey, who formerly made her home with her uncle and aunt, Mr. and Mrs. John Liggett, Sr., at "Springwood," their home in Walnut street, East End. The wedding of Mr. and Mrs. Birge was a handsome event in the old homestead last November.

Concert in Bellevue Church.

The quartet of the Bellevue Christian church will give a concert in the church on Thursday night, April 28. The quartet will be assisted by Miss Jessie K. Yuille, soprano of the Bellefield Presbyterian church; John A. Hibbard, director of the choir at St. Peter's Protestant Episcopal church, and Hollis Devinny, violinist. The accompanists will be Herman H. Fiser and Miss Pansy Graham.

Notes of Society.

Miss Emma Schoeneck of Howe street entertained informally at cards last evening.

The Braddock club held its last dance of the season last night in the Assembly hall, Wilkinsburg.

Miss Stella Campbell of Sandusky street, Allegheny, gave a large china shower yesterday afternoon in honor of Miss Mary Alter Brown.

Miss Helen McKee of Wilkinsburg entertained informally yesterday afternoon for the members of the senior class of the Pennsylvania College for Women.

Wilkinsburg conclave No. 294, I. O. H., celebrated its fourth anniversary last night in the Duquesne hall, Wilkinsburg. The event was largely attended by members and outsiders.

A concert was held under the auspices of class No. 14 of the United Brethren Sunday school at Wilkinsburg last night for the purpose of raising $500 toward the payment for the church building.

The Friday dancing class, under the direction of Mrs. Slack Davis, held its last cotillion yesterday afternoon in Masonic hall, Collins avenue, East End. Miss Elizabeth Woodwell and Herbert Hostetter led the grand march, with Dorwin Donnelly and Miss Betty Brown, the smallest children, bringing up the rear.

Children to Go to Summer Homes.

After much indecision the managers of the Home for the Friendless decided at a meeting on Thursday to take the children as usual to their summer homes. The home at Aspsville, where the older children go, will immediately be put in readiness for their arrival, and the transfer will be made as soon as possible. Between 125 and 150 of the older children will go to Aspsville, the remainder, the babies, being taken to the home at Shensburg, which was presented to the board of managers by members of the Laughlin and Phillips families 10 years ago.

Club Notes.

The Southern Women's society met yesterday afternoon in the home of the Southern society, Forbes and Halket streets, Oakland.

Mrs. W. A. Lincoln is expected to come from Cleveland on Monday to attend the monthly meeting of the Wimodausis club on Tuesday, when arrangements will be completed for the benefit for the Soho public bath and wash house.

AMONG THE CLUBS

The Farmington Country Fair.

The Farmington Aid society will hold its country fair on the old James Rees property in Fifth avenue, near Amberson, on Wednesday afternoon and evening, May 11. If the day be rainy the fair will be postponed until the following day, when it will be held, no matter what the weather may be. The young women who constitute the society are hoping for pleasant weather that the entire entertainment may be conducted out of doors.

The extensive grounds, both in front and behind the house, which is now the property of Col. James M. Guffey who loaned it for this occasion, will be used and will be dotted with pretty booths and tents. The erection of the booths and their decoration will be left in the care of the committee on decoration. Extensive sideshows will be introduced including a shooting gallery, vaudeville and a Punch-and-Judy show. A unique feature will be an exhibition of pet dogs, anyone being permitted to enter family pets. Prize ribbons will be offered for the finest exhibits and a silver cup for the most popular. Miss Darlington will have charge of the tent where tables will be arranged for those who would like to play bridge whist. No prizes will be offered, but a fee will be required from all who play, and the fancy tables there will be displays of children's summer hats, fancy stocks, cushions and all kinds of goods for the summer season. There will also be punch for sale to delight the little people.

The Farmington Aid society has not held an entertainment for three years. The last, though arranged to be given on the Ladies' grounds in the East End, was finally given in the Laughlin mansion in Lincoln avenue, Allegheny, then unoccupied, and the society made over $2,000. The young women hope to be even more successful this year. The proceeds will be used to aid in carrying on the work among the poor and sick, for which a trained nurse is constantly employed. Miss Isabelle Chehant, the president of the society, is now in Rome, Italy, and will not be home for the country fair, the work falling on the other officers—Miss Darlington, vice president; Mrs. William C. Wilson, secretary, and Miss Sallie Rickerson treasurer. A meeting of the society was held yesterday, when the following committees were appointed.

Committee on decorations—Miss Martha Ferguson, Miss Helen Ferguson, Miss Elizabeth Sellers.

Children Elect Delegates.

Miss Marion McKelvy and James Marsh were elected delegates by the John Hart chapter yesterday afternoon to attend the annual meeting of the National Society of Children of the American Revolution, in Washington, D. C., the week of April 18. The alternates are Miss Frances Siviter and Miss Clara Wishart. Mrs. Christian I. McKee, the regent of the chapter, is a representative by virtue of her office, the vice regent, Mrs. Sullivan Johnson, being her alternate.

The John Hart chapter met yesterday afternoon in the assembly room of the Twentieth Century club, and after the election of delegates voted to send $100 to the Memorial Continental hall fund. It was also decided to purchase a flag for the chapter, which up to the present time has been without a banner of its own.

After the business was transacted, which included the reception of seven new members, Paul Pinley of Sewickley gave a bright and interesting history of Fort Necessity, which was followed by a discussion in which a number of the children took part, as well as several of the association members, the mothers of the active members. A general discussion of Col. Crawford's Sandusky expedition followed, in which reference was made to historic sites and landmarks in New Haven, across the Youghiogheny river from Connellsville, which have been associated with Col. Crawford and his descendants.

Before closing the meeting the corresponding secretary, James Marsh, was instructed to send a letter of sympathy to Mrs. Nimick, the treasurer of the John Hart chapter, whose mother, Mrs. Francis B. Nimick, died a couple of months ago. The annual meeting of the chapter will be held in June.

Successful Benefit Euchre.

The parlors and ballroom of the Schenley were thronged yesterday afternoon with club women and their friends, the occasion being the euchre given by Pittsburgh Sorosis for the benefit of the summer vacation schools. Fifty-four tables were placed throughout the room, where for two hours cards held sway, and over 50 prizes were distributed at the close. In the meantime an equally interested group of women filled the parlors and library, and, under the direction of Ernest Francois Jores, an enjoyable musicale was conducted, Mr. Jores being assisted by Miss Schrom. Miss Munn and Miss Jean McCloy, who sang repeatedly. Mrs. William S. Berry read a poem written for the occasion by Mrs. Minnie Ourey Roberts, entitled "The Vacation School." The poem was dedicated to Mrs. Berry and presented the contrasting pictures of children playing in the streets and alleys and learning discipline in the vacation schools. The clerk of the Schenley was invited to take part in the entertainment, and upon him fell a portion of the burden of awarding the prizes, 41 in all, which were distributed among the women who listened to the musicale. The guests were received by Mrs. William A. Black, the president of the Sorosis, assisted by the members of the committee of arrangements and other women of the club. None of the members of Sorosis took part in the euchre, but all united in making the entertainment an enjoyable one to their guests. The decorations were in green and white, consisting chiefly of ferns, masses of palms and ferns upon the stage in the ballroom and in the parlors.

Upon the request of James S. Curry, representing a shorthand text-book publishing company, for a demonstration of high speed shorthand work on the blackboard Marshall H. Reno, for nearly twenty years engaged in reporting in the United States and Allegheny County Courts, and as official stenographer of legislative, convention, religious and political proceedings, now President of the Reno Shorthand School, 432 Wood Street, Pittsburgh, took the following matter in shorthand on March 2nd, 1904, at the rate of two hundred and five words in one minute, and immediately read the notes back without error, in the presence of Mr. Curry, who timed the speed, Albertus M. Clements, Secretary of the School, who did the reading, and W. S. Bell, the well-known photographer, who made the photograph of the blackboard.

SUGGEST WAYS TO IMPROVE BANKING

Financial and Industrial Topics at Academy of Science Meeting.

GOODS WORDS FOR SCHWAB

[By Associated Press to The Gazette.]

PHILADELPHIA, April 8.—A convention of national importance, especially to industrial interests, began here today, the occasion being the eighth annual meeting of the American Academy of Political and Social Science. Delegates from many cities assembled at the Manufacturers' club, and nearly all great corporate interests were represented. The chair was occupied by Frank A. Vanderlip, former assistant secretary of the treasury, and now president of the National City bank, New York. Joseph Wharton, as chairman of the local reception committee, welcomed the delegates. The subject under consideration during the session is "The Government in Its Relation to Industry," which is sub-divided and taken up in detail. The first branch of the topic was "The Government Regulation of Banks and Trust Companies," and addresses were delivered by William Barrel Ridgely, comptroller of the currency, who spoke on "The Control of National Banks."

Frederick D. Kilburn, New York state superintendent of banks, spoke on "The Control of Trust Companies." Superintendent Kilburn said in part: "In my report to the legislature last January I recommended that trust companies located in the city of New York be compelled to keep legal reserves of 15 per cent, one-third in cash and the balance on deposit. For the balance of the state I suggested 10 per cent, one-half of which should be in cash. I also recommended in my report that trust companies be prohibited from engaging in underwriting schemes."

Mr. Kilburn said he still clung to these recommendations, and wished to emphasize the fact that banks should so refrain from identifying themselves with speculative ventures as to create the impression that they were sponsors and guarantors. He said this was an injury to the whole banking business, as was illustrated in the impression created with many people over the connection of the Trust Company of the Republic with the failed United States Shipbuilding Company. He advocated close state control of all banking concerns; underwriting, he declared, should be made a penal offense.

Views of Prof. Cleveland.

Prof. Frederick A. Cleveland of New York university spoke on "The Financial Reports of National Banks as a Means of Public Control." Professor Cleveland, in part, said that under the national banking act the comptroller may obtain from the banks such information as in his judgment "seems necessary to a full and complete knowledge of the financial condition." He holds that only by a classified balance sheet can an intelligent opinion on the condition of a bank be determined. He declared that a point of control not adequately covered by the present act was the proportion of liabilities outstanding with credit of the equipment used. The real test of banking strength is cash on hand, in exchange balances and in unincumbered, readily convertible securities. He further said, in part:

"No provision is now made in the form of report for ascertaining this relation of intensity of credit strain to equipment used. Some provision is made to protect against overtaxing of the equipment. A cash reserve requirement is provided, for country banks 15 per cent of outstanding credit accounts, for reserve, city banks 25 per cent of such accounts. Modification under pressure from the banks allowed the inclusion in the estimate of cash on hand for country banks of 10 per cent in the form of loans to reserve city banks and three per cent were allowed to include as 12½ per cent loans made to central reserve city banks. This provision is entirely inadequate to prevent overtaxing the equipment.

"It allows a bold banker to obtain on demand loans two-thirds of the equipment constantly used. This is only another form of 'widest' banking and credit. It is the very process that causes much of the trouble heretofore ascribed to 'inelasticity' of the currency. The prime fault is inadequate capitalization to maintain the volume of credit offered the business community. This credit on call loan capital is suddenly withdrawn to protect the bank's own weakness and leaves the community stranded. Power should be given the comptroller to prevent overtaxing of the equipment and to properly co-ordinate the volume of credit accounts sold and capital equipment."

L. Water Sammis of the editorial staff of the New York Sun speaking on "Relation of the Financial Trust Company to the Industrial West as Illustrated by the United States Shipbuilding Company," gave the history of the troubles of this company and the Trust Company of the Republic as revealed by court proceedings, full accounts of which have been published in The Gazette. In concluding Mr Sammis said of Charles M. Schwab's connection with the Shipbuilding Company and its organization:

"Much criticism and adverse comment has been made against Mr. Schwab, as well as his counsel, Mr. Pam, in the course of the Shipbuilding reorganization and investigation.

"I have devoted many weeks to the examination of the entire matter, and have carefully and thoroughly informed myself from all sources of information with reference thereto and found that neither Mr. Schwab nor Mr. Pam appear anywhere to have had any connection with or participation in the promotion, organization or financing of the shipbuilding enterprise, or the various transactions and proceedings in connection therewith above narrated.

"The only criticism which could be made of Mr. Schwab in this transaction, so far as I can discover, rests in the price received by him for the Bethlehem Steel Company stock, and as to this, I must concede it is not a one-sided situation. It is clear that the price paid to him was relatively far less than that paid for the Shipbuilding plants, and whether or not the property which within less than two years after it was turned over to the Shipbuilding Company was earning at the rate of $5,000,000 per annum, equal, as I have said, to 5 per cent on the bonds, 6 per cent on the preferred stock and 4 per cent on the common stock, given in payment therefor, was excessive, especially in the light of capitalization of industrials during this particular period, is very doubtful, to say the least.

Took Pay in Securities.

"Mr. Schwab in turning over the Bethlehem Steel Company is the only one who received no cash for his property. He took his entire pay in securities. Each of the owners of the shipbuilding plants received enough cash to more than pay the values of the plants, to say nothing of the bonds and stocks issued to them in addition, and it is very clear to me that Mr. Schwab was not fully informed of the condition of the shipbuilding plants, their assets, liabilities and earnings, which were not in accordance with the statements and prospectus which were published and submitted, although it would appear that a man of his business experience and vast interests should have made full inquiry into the conditions of these various properties before parting with such a valuable property as the Bethlehem Steel Company and taking securities in payment therefor.

"As for Mr. Pam, counsel for Mr. Schwab, the criticism and complaint against him in connection with this transaction has been the faithfulness with which he undertook to protect his client. Mr. Schwab, and the preparation of what has been regarded as a very tight and exacting contract and mortgage, and the fact that under the provisions thereof it seemed to be impossible to reach the Bethlehem Steel Company or its management in connection with these proceedings. Whether a lawyer in the discharge of his duty to his client's interests is to be subject to condemnation for exacting every form of security and safeguard for the protection of his interests against any untoward or unforeseen contingency is not for me to discuss."

An address was delivered tonight by Secretary George B. Cortelyou of the department of commerce and labor.

Prior to Secretary Cortelyou's address Prof. L. S. Rowe, president of the academy, reviewed the work of the academy for the past year.

Dr. Charles B. Dudley of Altoona was one of the speakers during the day.

Among those elected members of the society were: President Roosevelt, Biggan A. Gresley, U. S. A.; Frederick Delitzsch, Ph. D.; Jakob Heinrich Van't Hoff and Wilhelm Waldeyer, of Berlin; Sir Richard C. Jeff, LL. D., D. C. L., Cambridge, England, and Ernst Rutherford, F. R. S., Montreal.

The committee having charge of the bicentennial celebration of the birth of Benjamin Franklin made its report today. The celebration will be held in 1906, and congress will be asked to strike a medal in honor of the occasion, of which a gold impression shall be presented by the president of the United States to the French republic.

JUDGE MARSHALL BROWN TO BEGIN THE APPROVAL OF BONDS TODAY

Two Applicants Rewarded With Liquor Licenses for Telling the Truth.

BRADDOCK IS LISTED TODAY

Judge Marshall Brown this morning will begin the work of approving the bonds of successful liquor license applicants from Pittsburgh and Allegheny. This part of the license court proceedings has been greatly simplified this year, as fully 75 per cent of the bonds filed are from trust companies.

There was much trouble last year. When Judge John M. Kennedy took up the papers he found that in many cases the signatures of the same bondsmen appeared on more than one bond and it was also found that the section of the law compelling all bondsmen to have more than $2,000 worth of unencumbered property had not been lived up to. The result was that many of the papers were rejected.

It is expected that the approving of the bonds of applicants already granted will take about two weeks. The reason this work has not been begun earlier is that the formal order of the court granting the licenses will not be made until this morning.

Two men were rewarded yesterday by license court for telling the simple truth. Adam Weiskircher of 924 Walnut street, and John Kerr of 1601 Fifth avenue, McKeesport, admitted they had sold too great quantities and had on one or two occasions given "ten-strike." The court said "Licenses is granted without suspension, for truth-telling. It is too great a rarity here to go unrewarded."

The last four wards of Allegheny and all of McKeesport were gone through before adjournment was taken last night at 7:15 o'clock. One hundred and thirty cases were passed upon. Eighty applications were granted, 18 were refused, 22 were held over and 10 were withdrawn. Braddock applicants will be up today, and it is expected to finish the whole borough.

John Cramer, formerly a police captain, who had an application for 472 Frankstown avenue, Pittsburgh, was called, his hearing having been postponed on account of his illness. Ex-Mayor W. J. Diehl, D. L. Gillespie, president of the central board of education, and others, appeared for him, but there was a vigorous remonstrance against another saloon in that neighborhood. The court did not seem to be favorable and Cramer withdrew his application.

John S. Gabrysch, a Pole, nearly 70 years old, who can speak but little English, was refused a license for 134 Fourth avenue, McKeesport. The court said he was not fit.

Thomas J. Quinn, 202 Thirteenth avenue, was a new applicant. He was formerly in the saloon business and is nearly blind. His petition was signed by all except one of McKeesport's councilmen. No decision was reached.

John Miller of 416-420 Locust street, was accused of selling to minors, women, little girls, doing too much Sunday business; allowing dice games and numerous other offenses. He denied the charges, but was refused, the court characterizing the house as the "worst yet."

An application for a rehearing was filed late last night by Heidger & Noid, refused earlier in the day.

Harris Gutman, a saloonkeeper of 144 Frankstown avenue, who was refused a license for his house for next year, yesterday filed a petition in bankruptcy in the United States district court. He gives his liabilities as $7,167 54, with assets of $4,842 83. Yesterday's list follows:

Brown, 615 Preble avenue, 30 days; Patrick Carey, 171 Cass avenue, 15 days; Julius Deering, 1442 Last street; Charles Schaefling, 1040 East street; August Steierwald, 1524 East street; August Vanpel, 1532 Madison avenue; Henry L. Schmitt, 1500 Lowrie street; William Eichenlaub, 3218 East street; Louis Heyl, 2828 East street; Fred Heinman, 41 Royal street; William V. PRETTY MRS. ROGERS PROMPTLY CURED BY PE-RU-NA

SUFFERED FROM OFFENSIVE BREATH, DISCHARGE FROM NOSE

A Prominent Wisconsin Club Woman Gives Grateful Thanks to Pe-ru-na.

ANNOYING SYMPTOMS.

"Pe-ru-na Cured Me After Using Only Seven Bottles."—Mrs. M. S. Rogers.

Peruna is known in all parts of the civilized world.

Nowhere in the United States is there to be found a household that has not heard of Peruna, and very few, indeed, have not at some time or other used it.

Peruna is now acknowledged to be a shield against the encroachments of catarrh—a remedy for all forms of catarrhal diseases.

It ought to be in every house.

A person free from catarrh is practically free from all contagious diseases. Catarrh opens the door and invites into the system every form of malady, but a person absolutely free from catarrh has no occasion to fear contagious diseases. Mucous membranes afford a complete protection, as long as catarrh has not destroyed their integrity. A dose of Peruna taken at the onset of a cold has saved thousands of people from the maelstrom of chronic catarrh, which is the bane of the American people.

Miss Edna Wilson, 1445 Temple street, Los Angeles, Cal., Worthy Vice Templar, I. O. G. T., writes:

"Peruna cured me of catarrh of the bronchial tubes which had been most annoying for many months. I had a severe pain in the chest, with a cough and an asthmatic condition. I had tried many things to rid my system of this before I heard of Peruna. It was only a short time before I began to feel beneficial results, and in less than a month I was well. Your medicine is very meritorious and deserves praise."

MRS. M. S. ROGERS

"I Feel Like a Different Woman Now and Am Never Troubled With Any Catarrhal Symptoms."

Mrs. M. S. Rogers, Vice President of Neenah Mother's Club, Neenah, Mis., writes:

"For years I was troubled with catarrh of the head and did not know what was the matter with me. I was rarely without a headache over my eyes, and when I took cold my head stopped up. The discharge from my head was very obnoxious, my breath was bad and I was miserable for months.

"A friend suggested that I try Peruna, and as I had heard of it before, I gladly did so. My experience was the same as many others who have used it. It cured me after using only seven bottles.

"I feel like a different woman now, and am never troubled with headaches, nor offensive breath, nor any of the evils resulting from catarrh."—Mrs. M. S. Rogers.

No amount of advertising could have accomplished the immense popularity of Peruna. Once introduced in the household, it is liable to stay. Neither the advertisements in the newspapers nor the many beautiful pamphlets circulated have persuaded the majority of people to take Peruna.

The influence that chiefly maintains Peruna is friend recommending it to friend, and neighbor prescribing it for neighbor. Ten bottles are sold as the direct result of a recommendation from those who have used it, where one bottle is sold as the result of advertising. It is the medicinal and remedial properties of Peruna that could not, though every sort of an advertisement of Peruna were suddenly withdrawn, still Peruna would remain in a multitude of homes and holds its place as the most popular remedy ever introduced in the United States.

A Business Woman's Recommend.

Miss Edna Bosler, Box 20, Middletown, N. Y., writes: "I take pleasure in writing you concerning your wonderful remedy, Peruna, for catarrh. In going to and from my office in damp and rainy weather I contracted a severe cold and had a terrible cough which it seemed impossible to shake off until I happened to see one of your booklets on Peruna. I have used two bottles and my cough has entirely left me, and I have no more trouble with cold or catarrh."—Miss Edna Bosler.

WOMEN RECOMMEND PE-RU-NA TO THEIR FRIENDS.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

EFFORT TO AID M'GOWAN HEIRS

Congress Asked to Reimburse Family of Man Who Built Federal Building Here.

PITTSBURGHERS AT CAPITAL

THE PITTSBURGH GAZETTE BUREAU.
Room 10, Postal Building.
WASHINGTON, D. C., April 8.

Representative Talbot of Maryland has introduced a bill providing for the payment of $41,000 to the heirs of Michael McGowan, who was the contractor for the federal building at Pittsburgh. The contract was divided into three parts and McGowan bid on all of them. He was awarded the first part with the understanding that he was to complete the second and third parts if instructed to do so. His profit on the first part was $12,000 and having been instructed to proceed with the second part he was charged on that when he became financially involved and the government took the contract off his hands and completed the building.

McGowan sued in the court of claims to get the $19,000 profit on the work he had completed, but he got a judgment for only $8,000. The bill introduced today is to give him the remainder of his profit. McGowan has been dead for some time and his wife died recently.

Representative James Kennedy of Youngstown, Ohio, has recommended the appointment of L. A. Coons as postmaster at Massillon.

Representative Cooper today introduced a bill providing a pension of $50 a month for Henry Lieb of Uniontown, Pa. Mr. Lieb is an ex-Union soldier and is now totally blind. He draws a pension of $12 per month, and having been able to establish to the satisfaction of the pension bureau the fact that his blindness is due to his military service, could be conclusively shown that he would be entitled under the general law to a pension of $72 a month. Owing to certain technicalities he has not been able to prove this, however, and Representative Cooper proposes to aid him through special legislation.

M. G. Leslie and Andrew Dian of Pittsburgh and C. E. Kirschner of Allegheny are in Washington en route home from the Harrisburg convention. They came here to attend the races at Bennings and intend leaving for Pittsburgh tomorrow night.

L. W. STRAYER.

The tentative agreement was reached at a meeting of the general executive board of the International Association of Machinists.

RUSSIANS RECALL HOLY TRAGEDY

Impressive Services in Cathedrals of St. Petersburg in Memroy of Golgotha.

THE CONGREGATION IN TEARS

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

ST. PETERSBURG, April 8.—A hundred million of the emperor's subjects today revived the tragedy of Golgotha. The Russian capital seemed plunged in grief. The busy hum of the metropolis was gone. The streets were deserted. All night and morning the church bells tolled mournfully reminding the faithful of the betrayal of Gethsemane, Peter's denial, the trial before Pilate, the burden of the cross and, finally, the crucifixion. The scourging and mocking of the Saviour were impressively re-enacted at the Alexander Nevsky cathedral, Antonius, the metropolitan of St. Petersburg, officiating.

This afternoon, at St. Isaac's cathedral, was held the solemn ceremony of commemorating the three hours' agony, accompanied by a beautiful service of song. The interior of the great cathedral presented a wonderful scene when, at last, a silver cross on which was painted a picture of Christ crucified was borne out through the liner golden gates on the shoulders of the black-garbed clergy to a magnificent sarcophagus erected in the center of the church.

The vast congregation, consisting of over 10,000 persons, was on its knees, each person holding a lighted candle. Thrice the officiating bishops and deacons circled the bier, and then all the lights were extinguished, and for hours throngs of people passed before the catafalque, most of them sobbing and weeping.

Canton Man Attempts Suicide.

NEW YORK, April 8.—(Special.)—Julius Dietrich, of Canton, Ohio, attempted suicide this morning by jumping into the North river. He was rescued and taken to the City hospital, where the physicians say he will recover. He was en route for Germany. His motive is a mystery.

PERSONALS

William P. L. Stephenson of Los Angeles, Cal., returned home last night after spending yesterday with his brother, P. K. Stephenson in Washington, D. C. before the congressional committee, urging an appropriation to reclaim 760,000 acres of the Southern California deserts. Mr. Stephenson represents a company which proposes to utilize the land for agricultural purposes. He is a prominent Democrat of Los Angeles, and last night said: "I predict that at the Democratic national convention St. Louis Senator Francis M. Cockrell of Missouri will be a dark horse candidate for the nomination for president. Mr. Cockrell is an able man, controls the entire southern vote, and his nomination would cement the opposing factions supporting Judge Alton B. Parker and W. Randolph Hearst."

The second annual banquet of the International Association of Marble Workers, which is holding its annual convention in Moorhead hall, was held last evening in the Monongahela House, Harry Brown, president of the local helpers' union, was toastmaster. The principal speakers were delegates from New York and Philadelphia. The convention will continue in session until the middle of next week.

Chow Yazchi, first secretary of the Chinese legation at Washington, D. C., passed through the city last night over the Baltimore and Ohio railroad for San Francisco. He has been ordered to the Pacific coast city to meet Prince Pulun of Pekin, China, who will have charge of the Chinese exhibit at the St. Louis World's Fair.

Col. John M. Schoonmaker, vice president and general manager of the Pittsburgh & Lake railroad, left last night for New York on business.

J. H. Harper of Redditch, England, where nearly all sewing needles are manufactured, arrived in the city yesterday on business. He is registered at the Lincoln.

D. F. Henry, proprietor of the hotel bearing his name, returned yesterday from a six weeks' southern trip. Most of the time was spent in Florida.

NEWS OF THE NEARBY TOWNS AND COUNTRY

FUSION TICKET WINS IN MORGANTOWN ELECTION

Hon. R. W. Tayler Will Take a Hand in Local Politics at Youngstown.

[SPECIAL TELEGRAM TO THE GAZETTE.]

MORGANTOWN, W. VA., April 8.—The result of the municipal election yesterday was not definitely known until today. The ticket supported by the Democrats and the union labor element was victorious in nearly every instance. Joseph J. Wharton, Democrat, defeated Maj. McGrew, Republican, for mayor by 114 majority. Lewis A. Yeager, Democrat, was elected recorder over M. T. Bisher, Republican, by a majority of 21. The following were elected to council: J. M. Hess, A. E. Lazier, C. L. Ray, W. W. Smith, George Rosemerkle, George Breakiron, Mandiff Hayes, A. A. Werner and George Rogers. The result is a complete surprise to the Republicans. The labor element was opposed to the present chief of police, and made his occupancy of the position the issue.

YOUNGSTOWN, O., April 8.—The announcement is made that Hon. R. W. Tayler will be a candidate for chairman of the Republican central committee. There are already two candidates in the field. David Tod and R. A. McClain. They have been making a fight ever since the committee was selected. In the mandamus case in which H. McElroy sought to have the court order that a certificate of election as a member of the Republican committee be given to him in preference to R. A. McClain, Judge Roberts refused the writ on the ground that the court had no jurisdiction, and that the central committee must decide who is entitled to membership. He gave as his opinion that two-thirds of the voters had been disfranchised in that particular precinct, the committee specifying that names could not be written on the ballots.

FLINN DRIVES OVER TROLLEY LINE ROUTE

Will Be Link in System Between Pittsburgh and Wheeling. Those in Party.

[SPECIAL TELEGRAM TO THE GAZETTE.]

WASHINGTON, PA., April 8.—Ex-Senator William Flinn of Pittsburgh, ex-Senator John S. Weller of Bedford county, Chief Engineer Neeld and Assistant Engineer Lewis of the Flinn interests of Pittsburgh were in Washington today in the interests of a proposed trolley line to connect this place with Pittsburgh. The party came here this morning and this afternoon drove over the route of the proposed road.

The line as proposed will connect with the Pittsburgh-Charleroi line at Library, in Allegheny county. The road will be 35.4 miles long from here to Library, and it is expected that cars will make the run in 45 minutes to Pittsburgh. Ordinances will be presented at the next meeting of council asking for franchises in this borough. These ordinances call for the commencement of work within three months and completion within two years. The line is to form a link in a trolley system from Pittsburgh to Wheeling.

New Oil Company Has Big Capital.

DOVER, DEL., April 8.—A certificate of incorporation was filed here today for the Kansas Natural Oil Company of Pittsburgh to acquire gas and oil wells in Kansas and Missouri and develop the same. The incorporators are John S. Anderson, Thomas G. McMasters, Frank Montague, Arthur J. Devlin, all of Pittsburgh, Pa.; Harry W. Davis, Wilmington, Del. Capital, $6,000,000.

Swiss Frown on Anarchists.

BERNE, April 8.—The state council today unanimously passed a bill making the glorification of anarchist crimes punishable by imprisonment.

STRIKE MADE GENERAL BY MARCHING AND MUSIC

3,500 Men Out About Latrobe. Sheriff Takes Deputies to the Scene.

[SPECIAL TELEGRAM TO THE GAZETTE.]

LATROBE, PA., April 8.—Headed by a brass band, striking miners of the Loyalhanna Coal & Coke Company marched to the various plants about Latrobe today and succeeded in making the strike inaugurated on Monday general. It is conservatively estimated that 3,500 men are out tonight and operations at a majority of the plants have been stopped, pending a settlement of the differences. All but three of the mines of the Saxman interests are idle and the working forces of the Loyalhanna Coal & Coke Company, the Latrobe Coal & Coke Company and the Bessemer Coal Company have been seriously crippled.

So aggressive have the strikers become in their efforts to induce men to quit work that Sheriff John H. Trescher was this afternoon appealed to. He left Greensburg tonight with 40 deputies, which will be distributed about Latrobe and Bradenville. General Superintendent Marus Saxman of the Saxman interests, was here tonight and said that an effort would be made to arbitrate with the miners. The cut in wages is the same that has been declared throughout the non-union districts, it is claimed. Fears are freely expressed that the miners will resort to violence and the coal companies have laid in supplies of Winchester rifles. Deputizing is going on in the streets of Greensburg tonight and 100 men are wanted. Chief of Police Charles Meerhoff brought a dozen men from Irwin tonight. The operators of Greensburg do not anticipate trouble. President Patrick Dolan, of the Pittsburgh district of the United Mine Workers, is expected to take charge of the strike.

Railroad Operator Robbed.

CONNELLSVILLE, PA., April 8.—(Special.)—While sitting alone in the little operator's tower house at McSpadden between Rockwood and Garrett, last night, Operator E. Kerrigan was startled by the entrance of three men who promptly ordered him to put up his hands. They took his watch and chain, railroad pass, coat and vest and all valuable letters about his person.

NO TRUTH OF EXCESSIVE GOVERNMENT CHARGES

WASHINGTON, April 8.—The contracts for cancelling machines used by the postoffice department was debated at length in the senate today in connection with the postoffice appropriation bill. Mr. Culberson introduced an amendment reducing the rental of the machines, and the Democratic senators charged that the rental now was the same paid under the contracts made by George W. Beavers when he was the chief of the salary and allowance division of the postoffice department, and that they were excessive. Mr. Lodge denied the charge, saying that there was no proof of its truth. The postoffice bill was still under consideration when the senate adjourned.

ORIENTAL SOCIETY ELECTS PENNSYLVANIA OFFICER

WASHINGTON, April 8.—Dr. Daniel C. Gilman, president of the Carnegie institution, was re-elected president of the American Oriental society, which finished its one hundred and sixteenth annual meeting here today. The other officers elected were: Vice presidents, Dr. William Hayes Ward, New York; Prof. Crawford H. Toy and Prof. Charles R. Lanman, both of Harvard; corresponding secretary, Prof. E. Hopkins of Yale; recording secretary, Prof. George F. BANK DIRECTORS SUED BY THE STOCKHOLDERS

Allege They Were Negligent, Dissipating Funds and Permitting Unrestricted Loans.

[SPECIAL TELEGRAM TO THE GAZETTE.]

STEUBENVILLE, O., April 8.—Suit to recover $106,000 was filed today by the stockholders of the defunct First National bank of Mt. Pleasant, against the officers and directors individually. It is alleged that the officers and directors were grossly negligent in the conduct of the business, allowing the cashier, Isaac K. Ratcliffe, to make loans unrestricted, and that they fraudulently dissipated a part of the funds of the bank.

The bank had a capital stock of $175,000 and the last statement, issued on November 30, 1902, showed a surplus of $87,000, and undivided profits of 15,000. At the expiration of the charter February 24, 1903, it was found that $87,500 of the capital stock and the $40,000 surplus and undivided profits had disappeared. This was a shrinkage of $127,000, but the $106,000 for which a judgment is asked represents the amount which could be definitely located on the books. Ratcliffe, the cashier, resigned the position three months before the bank went into liquidation, disposed of all his property and moved to Chicago. The stockholders also mention this fact in their bill against the directors, claiming that they connived at his departure without attempting to make an investigation of his accounts. It is also charged that the directors carried on the books fraudulently thousands of dollars worth of perfectly worthless paper in order to deceive the stockholders and the bank examiner, and paid out $8,000 taxes on assets which the bank did not possess.

The officers and directors of the defunct bank are: Robert Chambers, president; Oliver Thomas, vice president; Isaac K. Ratcliffe, cashier; Richard E. Roberts, Evan G. Evans, Alonzo Hayne and Ashaul Hussey. The plaintiffs pray for an accounting of the loss and damage to the bank and the stockholders "sustained by reason of the unlawful acts, misconduct and negligence of the said defendant officers and directors."

B. & O. TRAIN WRECKED.

Strikes Open Switch at New Castle Junction—Engineer Injured.

NEW CASTLE, April 8.—(Special.)—An open switch at the entrance to the Baltimore & Ohio yards at New Castle Junction caused the wreck of the Baltimore & Ohio passenger train No. 5 westbound from Pittsburgh at 10:26 o'clock last night. The engine was overturned and Engineer Thomas Douglass of Chicago Junction, was pinned beneath.

The baggage car also left the tracks, but the balance of the heavy train remained on the tracks. Engineer Douglass' shoulder is fractured and he received a scalp wound extending almost around his head. The tracks were blocked about three hours.

Bought by Pittsburgh Coal Company.

WASHINGTON, PA., April 8.—(Special.)—The Pittsburgh Coal Company today purchased 200 acres of coal in Somerset township from Mrs. Elizabeth O. Winnett, for $100 an acre. The company owns several thousand acres adjoining. About 150 acres of land in North Strabane township were also sold today by David E. Gamble of Monongahela, the price being $90.90 an acre.

JUDGE MILLER TALKS SHARPLY TO ATTORNEY

Finally Rules in His Favor—Peculiar End of Case in Beaver County.

[SPECIAL TELEGRAM TO THE GAZETTE.]

BEAVER, PA., April 8.—One of the most dramatic cases tried in Beaver county was presented this morning at the time set for the hearing of Edward Wittich, arrested on a bench warrant under the fraudulent debtors' act of 1842 on the charge of defrauding E. K. Myler by concealing certain moneys. Judge Samuel Miller of Mercer county was present to hear the case instead of Judge J. Sharp Wilson. Attorney Frank Reed objected to his hearing it and denied the judge's jurisdiction, at which Judge Miller thundered to Mr. Reed to sit down, saying he would allow no lawyer to dictate to him.

A few minutes later Judge Miller was compelled to accept Mr. Reed's objection and decide that he could not hear the case and discharged Mr. Wittich. Another peculiar phase is that both sides profess to be satisfied. Mr. Wittich's attorneys have secured his discharge, which satisfies him. On the other hand, Mr. Wittich has gone into voluntary bankruptcy since the arrest was made, and this will allow Mr. Myler to present his claims to the referee for the money he alleges to have been defrauded of.

Judge Miller, in a private conversation, afterward said Wittich is now at liberty and cannot be rearrested on the same charge.

NO DUST AFTER MONDAY.

E. R. Sullivan Says He Will Sue If Furnaces Emit Clouds.

E. R. Sullivan of Oakland, whose suit against the Jones & Laughlin Steel Company over the ore dust nuisance in Oakland was won in the supreme court recently, said yesterday that the injunction against the ore dust goods becomes effective Monday. Mr. Sullivan expects to take the proper legal steps in case there is a cloud of dust on Tuesday or any day thereafter.

The company has just put into blast the new furnace known as No. 5 in the Eliza group. This furnace is only 85 feet high and as it is 21 feet wide at the bosh, the slope of the sides is considered greater than in the case of the regular 105-foot furnace. This decreases the liability to hangings, slips, etc., it is claimed, and make the explosions rare and not so extensive as in the older style. The company has not made public its plans for rebuilding the older furnaces or for changing operations in such a way as to eliminate the dust clouds.

He was formerly lieutenant in the first district and served in that capacity for almost two years.

The company became embarrassed for want of working capital. The foundry department is running to its full capacity and will proceed with its orders.

DENMARK'S KING 86 YEARS OLD

Aged Monarch Cheered by His People on His Birthday. Celebration.

HOLIDAY FOR WHOLE NATION

[SPECIAL CABLE TO THE GAZETTE.]

COPENHAGEN, April 8.—The city today is gay with flowers and flags in honor of the eighty-sixth birthday of King Christian, who seems to grow younger every year. Though the king is rather disappointed in not having all his children around him, as he had hoped, he is overjoyed at the presence of Queen Alexandra of England, who has always been his favorite daughter.

The queen this time is accompanied by the king, the Hon. Seymour Fortescue, R. N., adjutant to his majesty; the Hon. Charlotte Knollys, Capt. F. Ponsonby and Sir Francis Laking, the king's private physician. The royal party this morning drove in open carriages to the king's private chapel, near Christianberg palace, where a short service was held, and on their return to Amalienburg, the winter residence of the king, were greeted by the cheers of the populace, who lined the streets along the whole route.

It was generally noticed that King Edward looked better than he has at any other previous visit. He has grown stouter, but his complexion is clear, and when he has been seen walking through the city his step has been elastic and his movements quick. At the luncheon in the palace the king conversed for quite a while with the American minister, Swensson, with whom he has been exceedingly friendly ever since his arrival at this city about a week ago.

King Christian said today that he would have been perfectly happy if it were not for the war in the far east, which he greatly deplored, and into which his grandson, Czar Nicholas, has been forced very much against his will. King Edward is said not to have given up all hope of having his father-in-law act as arbitrator between Russia and Japan, though King Christian thinks that if the two countries could be induced to arbitrate their difficulties should be held before a younger and more active man.

King Edward, however, insists that King Christian, as dean of the monarchs of Europe and generally known for his strong love of justice, would be the ideal judge between the two nations, claiming that the respect in which he is held by all the heads of the nations of the world would carry great weight in Russia as well as in Japan.

O'DONNELL RETALIATES.

Charges Men Who Say He Is Insolvent With Perjury.

C. A. Carson, an East End contractor, and Mack Snivley, of the Snivley Plumbing Company, 5940 Penn avenue, will have a hearing Monday before Alderman John Groetzinger on a charge of perjury made by John H. O'Donnell, a real estate dealer of 429 Fourth avenue.

Carson and Snivley filed a petition in bankruptcy in the United States courts a few days ago against O'Donnell, claiming he was insolvent. They stated in the petition that they had done work on an apartment house being built by O'Donnell on Euclid avenue, and their claims amounted respectively to $8,190 and $1,529.

O'Donnell claims that in making these statements the men perjured themselves.

The new company succeeds to the well-established bottle business of the Arbogasts.

DANISH PRINCESS TO RULE GERMANS

Report That Thyra of Denmark Will Wed Kaiser's Oldest Son.

MATCH WOULD BE POPULAR

By MALCOLM CLARKE.
[SPECIAL CABLE TO THE GAZETTE.]

BERLIN, April 8.—The report that the attempt to bring about a marriage between Princess Alexandra of Cumberland and the Crown Prince Friedrich Wilhelm had failed because the young princess already had given her heart to another is quickly followed by a report, which seems to be well authenticated, that Princess Thyra, third daughter of the crown prince of Denmark, is to be the consort of Germany's future ruler.

Princess Thyra is now about 24 years old and one of the most charming daughters of royalty in Europe. With her sister, Princess Ingeborg, who is two years her senior, she was confirmed in 1896, and "came out" soon afterward, making an immediate impression on society for her gentle manners and her keen intelligence.

Royalty is of the opinion that Princess Thyra would make an excellent match for the heir apparent of the kaiser, and that she is fully fitted for all of the duties that would devolve upon her as the future kaiserin of the German empire. From her mother, the Crown Prince Louise, she has inherited many noble qualities, and she owes to that mother an unusual education, for the crown princess has always superintended the training of her sons and daughters.

The princess not only is intelligently bright, but she is like all the daughters of the house of Denmark, extremely pretty. Two years ago it was confidently expected that she would wed the Grand Duke Friedrich of Mecklenburg-Schwerin, but nothing ever came of the gossip.

There are reasons of state which would make this marriage peculiarly acceptable to Germany. Since the seizure of the duchy of Schelswig-Holstein the feeling of the Danes toward Germany has been far from friendly. With a daughter of Denmark on the imperial throne of Germany, it is not improbable that this feeling of hostility would die out and the Danes and Germans become friends.

The friendship of Denmark is important to Germany, not so much because of the strength of the Danish nation as because of the strategic position of the country.

MERE LEGAL PROCEDURE.

Transfers of Deeds of Coal Lands Only a Form for Matter of Record.

Based on some legal forms which are now in progress, reports were spread yesterday that the Pittsburgh Coal Company has concluded a great land deal. The facts are that the Pittsburgh Coal Company, which is a New Jersey corporation, owns its lands through the old Pennsylvania Mining Company. This company is now being replaced by a new corporation, the Pittsburgh Coal Company of Pennsylvania, for certain charter conditions which were desired.

To this new company is being transferred the title to the old New York and Cleveland Gas Coal Company's land in and about Turtle Creek. This company has been a part of the Pittsburgh Coal Company since the latter was formed in 1899.

The entire procedure is a part of the arrangements for the new bond issue which was underwritten by the Union Trust Company.

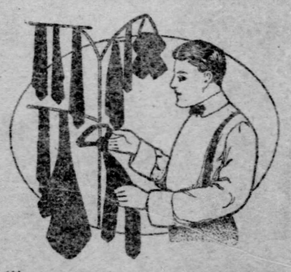
And the one distinct advantage in having the Kaufmann tailored organization make your clothes to order is that not only are you assured of the very highest character of workmanship—and as perfect a fit as skill and the know-how can create—

but you are also guaranteed a saving of from 35 to 50% over the charges which the small, exclusive tailor must necessarily make. Then, too, we offer you a much broader variety of the latest and nattiest imported woolens than as a rule will be found elsewhere.

Semi-annual sale black and white neckwear



BLACK and white neckwear is as staple a commodity to the haberdasher as sugar is to the grocer. It never depreciates in value unless soiled—and has a ready sale throughout the year.

Twice a year we hold a special sale of black and white neckwear—a sale that brings you high-grade scarfs for the very small price of **25c**

These scarfs are made of barathea silk, the best silk for black and white scarfs—best, because it possesses qualities of richness, pliability and durability not to be found in any other weave. It also creases less and frays less—which is quite an advantage, as many scarfs wrinkle and fray so easily as to be unfit for service after two or three days' wear. All kinds, shapes, lengths and widths of scarfs are included—large English squares, ascots, imperials, haymarkets, reversible derbies, bows, puffs, etc. Only black and white, remember—and every man's wardrobe is badly amiss unless it holds a number of black and white scarfs. 500 dozens go on sale today on special counter in main aisle. They will sell by the dozens—be sure to get your share.

The Champions Finish Training at Hot Springs

PIRATES READY FOR THE ROAD

Team Departs from Hot Springs Today Leaving Three Pitchers and One Catcher Behind.

THE REGULARS WON AGAIN

[By Associated Press to The Gazette.]

HOT SPRINGS, ARK., April 8.—Clarke's band of well-trained baseball champions will get away from Hot Springs tomorrow morning at 8 o'clock, playing at Little Rock in the afternoon and hastily jumping the train for Kansas City as soon as the game is over. The train is scheduled to leave at 5:20, and the Pirates will not even have time to remove their uniforms before boarding it.

It was today decided to leave Scanlon, who is complaining of a sore arm, here and to take Thompson along as the seventh pitcher. Smith will also stay to catch the twirlers and give his charley horse the full aid of baths and climate here.

As if to mock the Pirates at their departure, the weather man handed out a perfect day for the last one here. The first rainy and cool weather started the day after the champions arrived here, following a record-breaking stretch of five weeks of perfect weather. Chief Zimmer only missed one day of practice during that time, but the Pittsburgh band seemed to be hoodooed, and although there was but one day on which there was no practice, during that time there have been few days without clouds or rain, and most of the time too cold for the best results in training.

The team has never before had such bad luck, but it was never in such good shape to withstand it. The players have worked harder than ever and obtained full results in development of their game, and some good warm weather on the tour would complete the work by taking out the soreness and stiffness which has not had a chance to work out.

The cold weather has been the hardest of all on the pitchers and the other ones have not dared to let their arms out. The new material has been in a bad position, with no real opportunity to demonstrate their worth. Those who have attempted curves and hard balls have the sorest arms, as in the case of Scanlon. Camnitz's arm is also troubling him. Moren, who pitched indoors during a great part of the winter, has been in the best condition of any of the youngsters.

Four regulars remain here in Leever, Scanlon, Pfeister and Smith, with Al. Wagner helping out and Uncle Al. Pratt and Sam Mansfield of McKeesport as the sole surviving rooters. Dreyfuss' present intention is to accompany the team all the way to St. Louis. The squad here will leave Wednesday morning, joining the Pirates in St. Louis Thursday.

The players practiced morning and afternoon in spite of the heavy diamond from the previous day's rain. In the game today the Yankees led, 8 to 5, when Leever started to pitch. Sam simply lobbed the balls up and gave seven hits in two innings, while other pitchers each served the two innings. Camnitz gave five hits and Moren two, with three bases on balls. Phillippe gave three hits, Miller seven and Thompson six. None of the pitchers were feeling good after the cold weather and days of inactivity this week. Score:

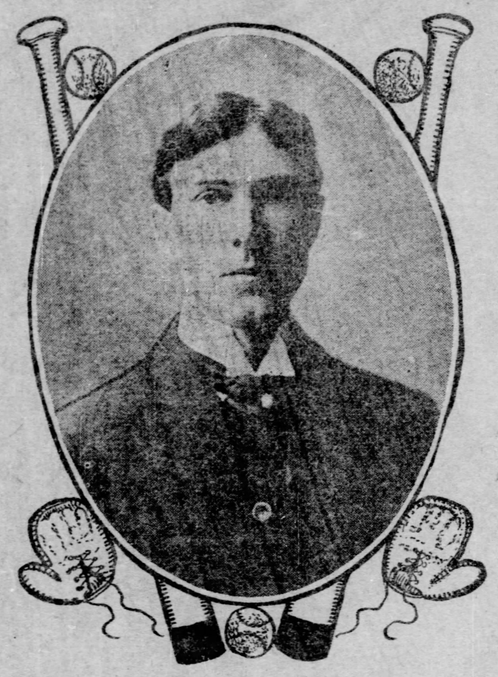
MARTY HOGAN, MANAGER OF THE FAST OHIO WORKS TEAM



Hogan is an old-timer and in his days was considered the fastest runner playing baseball. He was a brilliant fielder and base stealer, but inability to swat the ball as a big league manager requires, kept him out of the National league, although he had trials with St. Louis and Cincinnati. Marty is well established in business in Youngstown, but manages the Ohio Steel team as well. He is popular over the circuit with patrons and players.

PITTSBURGH HIGH SCHOOL TO RUN IN FAST COMPANY

Will Compete in U. of P. Relay Race for Championship--College and School News.

The Pittsburgh High school relay team will be in fast company when it competes in the Pennsylvania race April 23 at Philadelphia. The list of management has made the final grouping of classes and the Pittsburghers are entered in the division that will fight for the High school championship.

Philadelphia Central High school, Chicago Champions, Erasmus High school (Brooklyn), Master High school (Buffalo) and Boston English High school are the teams that the local runners will be called upon to beat in order to capture the title.

Pittsburgh High school is the only school from Western Pennsylvania that will have a team represented in the meet, or in any other meet to be held in the east this season.

The Shadyside academy baseball team will play the Anchora Athletic club of Brushton this afternoon on the Shadyside field. The game will be called at 3 o'clock. Thust and Schultz will do the pitching for Shadyside.

The Trinity college team won from Brown Wednesday at Providence, by 4 to 4. Walter Grange pitching and Stuart Dravo catching, a former Shadyside battery, performed against Brown.

Jim Peterson of Mount Pleasant, who is playing middle field on the Franklin and Marshall nine, had three hits in the game with Columbia university. His work helped much in Franklin and Marshall getting the game in the last inning, 10 to 6.

The track management of New York university held trials for the relay team which will represent the university at Philadelphia in the University of Pennsylvania games. The nine fastest quarter-milers in the university started in this event, the first five finishing as follows: Lester P. Warford, 1905, first; Robert A. Sibenman, 1904, second; Charles C. Cragin, 1906, third; Horace Hulsart, 1906, fourth, and Robert M. Tippitt, 1906, fifth.

The Giants of 1904, touted far and wide as having the best chance for a look-in at the National league pennant that they have had for many years, will make their first appearance of the season at the Polo grounds, and against Yale's varsity team that should be able to give the high-class professionals lots of hard work.

The game promises to be most interesting, and with favorable weather a record-breaker in point of attendance for an exhibition game is within the possibilities. The Giants arrived this afternoon at 3 o'clock from Montgomery.

MIDDIES NEW STUNT.

Japanese Wrestling to Be Taught at Annapolis Academy.

WASHINGTON, April 8.—(Special.)—Jiu Pitsu, that marvelous system of Japanese wrestling with which an adept can disable the strongest opponent, is to be taught at the United States naval academy at Annapolis.

It is President Roosevelt's idea. He is a devotee of this art himself, and believes that it will be a strong addition to the student training of the young men who will be the future commanders of the navy.

Capt. Willard H. Brownson, superintendent of the naval academy, is in negotiation with native Japanese instructors of this art. Mr. Yamashita, whose prowess has been vouched for by Lieut. Commander Takeshita, naval attache of the Japanese legation will probably be one of the instructors at Annapolis. He has already won considerable reputation in Washington.

PHILLIES BEAT ATHLETICS.

Duggleby Again Turned the Trick for National Leaguers.

PHILADELPHIA, April 8.—(Special.)—The Phillies today won their second game of the series with the Athletics for the championship of Philadelphia. The series now stands 3 to 2 in favor of the Athletics. Duggleby, who defeated the Athletics on Monday when Waddell was pitching, again turned the trick for the National leaguers. Duggleby was in splendid form and kept the hits of his opponents badly scattered. An error by Barry was largely responsible for the runs secured by the Athletics in the first inning.

Henley was an enigma to the Phillies, but his bases on balls and errors in the eighth inning enabled Duffy's men to pull out the victory. The game was marked by several very sensational plays by both teams. The score:

	R	H	E
Phillies	0 0 0 1 1 0 0 2 *—	4	3
Athletics	2 0 0 0 0 0 0 0 0—	2	7

Batteries—Phillies, Duggleby and Doolin; Athletics, Henley and Schreck. Umpire—Smith.

FRANK PIPER.

He Will Catch for the Ilion New York State League Club This Year—Piper Is Also a Strong Football Player.

FRANK PIPER WILL PLAY WITH THE ILION CLUB

Intends to Live Up to Contract. Joe Steen May Again Play Professional Ball.

Frank Piper, the local catcher who last fall signed to play with the Ilion New York State league team will not repudiate the contract he has with that club. Piper yesterday received a letter from J. S. Sharron, manager of the Ilion club, calling his attention to the fact that it is better to live up to a contract than repudiate it for an independent team. Piper wired back for transportation and will likely report by Tuesday of next week. Piper also signed with the Wilmington (Del.) Independent club for this season. Sharon also wrote Pitcher "Lefty" Jackson, asking him to report next week.

Joe Steen may accept a professional engagement this year with some minor league club. It has been two seasons since Steen has been out, his last job being with the Ilion New York State league, but the fever has caught him again, and he will sign if the proper inducements are offered. He will take a job playing first base or the outfield.

Infielder Negly of Wilkinsburg has received an offer from the Flower (Ind.) independent team. He will stay at home and play with either Wilmerding or Bridgeville.

Manager Dick Weant of Pottstown has signed First Baseman Kane, last year with Brandywine, to take the place of Thackara, who has jumped to the New England league. Adrien Cross, a brother of Monte Cross, has also been signed by Weand to play third, taking the place of McClaiche, who goes to the New England league.

Cape May is to have a summer team. Fletcher Stites will captain it. An effort will be made to have it stronger than the Atlantic City aggregation.

The Swissvale team will open at home today with the Wilkinsburg Independents. This will be the first independent game of the season locally. Gumbert and Fulton will pitch for Swissvale, while Power and Hodgson will be on the rubber for Wilkinsburg.

PLACE FOR DONOVAN.

Patsy Is Likely to Be the Manager of the Senators.

WASHINGTON, D. C., April 8.—Following the sale of the Washington baseball club, the stockholders held a meeting today and elected Wilton J. Lobert president, William J. Dwyer vice president, general manager and treasurer, and John J. Walsh, secretary.

Tom Loftus will remain as acting manager of the team until his successor, who is likely to be P. J. Donovan of the St. Louis Nationals, is secured. President Ban Johnson of the American league has left here for Chicago.

Terry Wants Another Fight.

NEW HAVEN, CONN., April 8.—(Special.)—Terry McGovern said tonight that he is willing to place $5,000 that he can defeat any man at 126 pounds, weigh in at 6 o'clock the night of the fight. He says he is most anxious to meet "Jimmy" Britt, but he is willing to take on Corbett or any other fighter, between 122 and 126 pounds.

JEFFRIES STARTS TO PREPARE FOR MUNROE

Champion Thinks He Will Win, but Does Not Underrate Miner. Trouble Over the Referee.

[Special Telegram to The Gazette.]

NEW YORK, April 8.—A week from today Champion Jim Jeffries will begin hard training for his fight with Jack Munroe, which is to be decided before the Yosemite A. C. of San Francisco on May 30. Jeffries, accompanied by Billy Delaney, Joe Egan and Joe Kennedy, left today for the coast. Upon his arrival at the Golden Gate city he will at once proceed to his old training quarters, where he prepared for the fights with Fitzsimmons, Corbett and Ruhlin.

"For this fight with Munroe," says the champion, "I will work just as hard as I did for the other men I have met. I do not mean to belittle the ability of the ex-miner in the least, but still I think I will finish him quickly. However, if the fight tells another story, it will be because of Munroe being the better man. He showed when he defeated Sharkey that he is eligible to fight for the championship, and that is why I am giving him a chance.

"I have been doing some light work since the fight was arranged, and will have little more to do to fit me properly. I am down to 235 pounds now, and expect to go into the ring weighing about 220 or 225 pounds."

There is a possibility of the fight being called off, though. If the Yosemite club insists that Eddie Graney shall referee the chances for such a thing coming to pass are bright. Harry Pollok, who manages Munroe, says he will under no consideration accept Graney as the official, because of his decision in the Corbett-Britt fight.

A Writing Table For the Home

The person of "practical ideas" is as highly delighted with a writing table of the kind shown in the above illustration as is the person whose tastes run to the artistic in house furnishment.

It is a practical desk because of its ample character, the bed being large and roomy. Then there are commodious drawers and pigeon holes sufficient to meet all ordinary needs.

It is just such a desk as could be used by the whole family if necessary.

In design this desk is Colonial, a pattern very much in vogue among people of culture these days. The simplicity of styles and the exquisite finish of this desk appeal to people of the most exacting tastes.

Made of mahogany; 42 inches long, 22 inches deep and 37 inches high. The drawer knobs are glass.

The theory is that by cutting out the profit of tanner, leather commission-man, jobber and retailer —by selling shoes direct from "Tannery to Wearer"—it should be possible to sell, at $3.50, the quality ordinarily retailed at $6; that is, a six-dollar shoe at the wholesale price.

TANNERY TO WEARER $3.50

The leather and the cost of making in the best shoes made cannot average over $2.75.

All you pay above $2.75 is for handling and profits. The Regal system does away with the many handlings and the useless profits of each handler. That's the theory.

To probe it right, before you buy, we use on all Regal Shoes the "Window of the Sole," a detachable label which permits you to see the solid, close-fibered Oak Tanned Leather of the sole. To prove that the leather and workmanship is as good where you can't see it as where you can, we've been cutting up Regal Shoes with the Buzz Saw in our windows.

We make the strongest kind of statements about Regal Shoes, and adopt every means we can think of to *probe* them to you. We don't ask you to pay $3.50 for a theory, but for an honest pair of six-dollar shoes.

GENERAL REACTION IN NEW YORK STOCKS

The Steel Shares and the Pacifics Sold Off on Profit-Taking—Amalgamated Copper and Atchison Strong and Higher.

By JOHN O. BAGLIN, Financial Editor.

The New York stock market started yesterday at the rate of a million shares a day, the transactions during the first hour exceeding 200,000 shares stocks and $1,200,000 bonds. London prices averaged higher and foreigners were large buyers of Atchison. The latter stock, together with Amalgamated Copper, were the active features of the early trading and both advanced, Atchison to 74⅝ and Amalgamated to 52¼, which are the highest prices thus far quoted on the present movement. Consolidated Gas, which advanced 3½ per cent to 203, and Brooklyn Rapid Transit, which advanced 1 per cent to 45⅝, were affected by the news from Albany that the legislature had passed the bills in which these corporations are interested. The upward movement in the specialties mentioned came to an end by noon, and thereafter there was a steady falling off in the volume of dealings.

There was a natural reaction in those stocks which have led the recent advance, which caused moderate declines, but at no time was the market weak. United States Steel preferred did not pass Thursday's high point, opening at 62¼, from which point there was a slow but steady decline to 61⅝, which was the closing bid. The sinking fund bonds declined from 78⅞ to 77½ and closed at 77⅜ bid. These declines, together with that which occurred in the Pacifics, were the result of profit-taking sales. Traders have been looking for an interruption in the rise for several days, and yesterday, when they saw trading falling off, they took courage to put out a few shorts. In the closing hour the professionals became more active, and the largest declines occurred at this time, but in no instance were they important, and final quotations were slightly above the lowest of the day.

The reaction during the latter part of the day was no doubt aided by the reports from Iowa, Nebraska, Minnesota and Kansas, which stated that a severe blizzard was raging over a wide stretch of territory. For a time the grain markets did not seem to take note of these reports, but later there was a rally of about a cent in wheat and large fractions in corn and oats. April snowstorms seldom do much damage, and no serious consequences are feared in the present instance.

It was reported that parties interested in the Northern Securities suit which comes up at St. Paul next Tuesday left New York yesterday for the scene of the contest—if it is a contest—and that Mr. Hill would probably follow today. For the last three days there has been less heard of Northern Securities affairs, the interest taken in the Steel stocks and the industrial situation generally overshadowing the litigation. Union Pacific and Southern Pacific continued to lead the reaction in the railroad stocks, but traders are uncertain whether this represents genuine liquidation of the big interests, or whether it is manipulation for the purpose of acquiring additional stock at lower prices.

Today's bank statement came in for some little consideration at the hands of traders, but whatever the showing may be, it cannot have any effect upon stock market operations. Call loans remained easy at 1½ to 1¾ per cent, and the tendency to time loan rates was downward. The preliminary estimates showed that the banks had lost about $3,000,000 through subtreasury operations up to the close of Thursday night, which is the latest report that enters into Saturday's bank statement. As an offset to this it was estimated that they had gained $2,482,000 net through receipts from the interior, reducing the net loss to $518,000. These figures, however, are only approximate. During the day the New York sub-treasury paid out $3,937,000 on account of Japanese gold deposited at San Francisco, but this transaction will not appear in today's bank returns.

Transactions on the Pittsburgh stock exchange yesterday slightly exceeded 2,000 shares. The only stock to display any activity was Pittsburgh Coal preferred, which sold to the extent of a little more than 500 shares at 60 to 60¾, closing at 60 bid. Only 65 shares of the common changed hands at 16¾, and the stock closed unchanged at that price bid. The remainder of the industrial list displayed no interesting features. A little more attention was given the bank call and numerous orders were in the market for small lots. The strongest member of the group was Real Estate Trust, which sold at 221½, an advance over the last previous sale last October, and the stock closed at that price bid.

NOTES AND COMMENT.

Traders in local bank stocks still experience difficulty in "getting together" on prices. Numerous orders were in the market, but in only four instances were any transactions. Following is a list of stocks on which quotations were made for lots less than 50 shares, which amount is the minimum entitled to an officially posted quotation:

The local market remains apathetic to the rumors and gossip relating to Philadelphia Company. The latter stock yesterday regained nearly all it lost on the previous day's trading, but sold and closed without sale. Just before the close it rallied to 38⅞ bid, 39¼ asked, which was doubtless in response to the strength displayed in the Philadelphia market, where the stock closed at 39¼ bid, 39½ asked. The general opinion in financial circles is that the talk of litigation and a bitter fight is for the purpose of "rattling a bear" to conceal the real transaction in connection with the new franchises.

A membership in the New York stock exchange sold yesterday at $175,000, an advance of $1,000 over the last previous sale. Seats in the Pittsburgh stock exchange were quoted at $6,000 bid, $10,000 asked. It was in April last year that the record price of $14,000 was reached.

Darr, Luke & Moore were reported to have bought 1,600 shares Steel preferred at 62 on the New York board yesterday. Two weeks ago this firm was reported to be large sellers of the stock.

The three-cent cut made in crude oil yesterday by the pipe line agencies was unexpected. This makes a reduction of 15 cents a barrel in a little more than a month.

A lot of 75 shares Duquesne Brewing was offered yesterday at 135. There was no bid. This is the first public quotation on the stock for some weeks.

The rise in Luster Mining from 10¼ sales to 11⅜ bid at the close is believed to be based upon an inkling of the report which will be submitted to the annual meeting on the 2d prox.

It was the consensus of Wall street opinion that the market took the profit-taking well yesterday, and that on further declines stock would be a purchase.

London was a buyer of Atchison and a seller of Baltimore & Ohio. There was a report that Atchison stock will be listed on the Berlin stock exchange.

The recognized authorities in the trade reported that there had been an improvement in winter wheat conditions during the past week.

New York stocks have advanced from 5 to 10 points during the past three weeks. A reaction is therefore natural, but there are indications that the upward movement has not culminated.

The Keystone power plant of the Keystone bank of Pittsburgh will be open for inspection of the different engineer societies and their friends this afternoon between 2 and 4 o'clock.

It is said Southern Pacific insiders have discouraged an advance in the stock owing to large purchases by Keene between 50 and 51.

In the New York loan crowd yesterday it was said that Shearson Hammill and Darr, Luke & Moore have not yet returned the borrowed Steel preferred.

A Philadelphia house says Storage Battery stock can easily advance 10 points to 70 on any broadening of the market.

NEWS FROM THE MINES.

President Allen of the Union Copper Mining Company says the company is still in full possession of its mines and fixtures at Gold Hill, N. C. Notices sent out some time ago from Rowan county, N. C., announced that the sheriff was to sell a part of the company's fixtures on April 4 in satisfy judgment creditors. The Union company has spent over $1,000,000 in equipping and operating its property. Considerable ore has been discovered, but no reduction process has been found to handle the product on a paying basis. Experiments have been made with several processes. There is a dump at the mine estimated to contain some 6,000 tons of ore.

After an enforced idleness of nearly two years the 40-stamp mill of the Jessie Mining Company is again in operation at Breckenridge.

After five years of litigation the Sixteen to One mining case has been settled out of court and within a short time this property will again be numbered among the producers of the Coeur d'Alenes.

The first brick of copper bullion ever turned out in the Coeur d'Alenes where the stock closed at 39¼ bid, 39½ asked. The general opinion in financial circles is that the talk of litigation and a bitter fight is for the purpose of "rattling a bear" to conceal the real transaction in connection with the new franchises.

IMPROVEMENT NOTED IN COMMERCIAL CONDITIONS

Growth of Business in Iron and Steel Industry Steady and Outlook Certain.

[By Associated Press to The Gazette.]

NEW YORK, April 8.—R. G. Dun & Co.'s weekly review of trade tomorrow will say:

Commercial conditions have improved somewhat during the past week, although there is still much to be desired. Dispatches from the south are most encouraging. At the east more seasonable weather prevailed, yet spring trade is still below normal. The best news of the week was the settlement of many labor controversies.

Manufacturing returns are still confusing, notable improvement in the iron and steel industry being offset by less favorable reports regarding textile and footwear factories. Agricultural work progresses rapidly under better than average conditions, cotton being planted unusually early. It is a good sign that the month opened with prices of commodities less inflated. Transporting interests are overcoming freight congestion, while railway earnings in March were only .7 per cent smaller than in 1903.

Improvement in the iron and steel industry is no longer a matter of conjecture or sanguine hopes, but a certainty. New business is constantly coming forward and gradually idle plants resume, while recent moderate gains in quotations are readily maintained, although no further advance occurred during the past week. In many respects the past week has been eventful. Former prices of billets and bars were reaffirmed by the association; the first liberal order for structural material was placed; implement makers all wanted materials at the same time, having finally decided to cease procrastinating; several independent concerns that were selling at concessions restored full list prices, and a most encouraging statement was issued by the leading producer.

THE BANK CLEARINGS.

NEW YORK, April 8.—The following table, compiled by Bradstreet, shows the bank clearings at the principal cities for the week ended April 7, 1904, with the percentage of increase and decrease as compared with the corresponding week last year:

The Drygoods Market.

NEW YORK, April 8.—The drygoods market conditions have not sensibly improved and the majority of authorities are of the opinion that there is little chance for betterment until buyers commence to make purchases for fall. The curtailment policy will undoubtedly continue to increase, but its effect is likely to be minimized by the undoubted hand-to-mouth character of buying which must continue until purchases for fall commence.

BANK AND FILE TRIES TO TAKE FEW PROFITS

Prices Recede in Wall Street Under This Influence—Dealings Still Professional.

[By Private Wire to The Gazette.]

NEW YORK, April 9.—The Herald this (Saturday) morning says:

Little if any difference was detected in the stock market of yesterday, except that the lower quotations induced some profit-taking which has been going on for some time under the cover of "bidding up leaders," became somewhat more apparent to the speculative rank and file, and they also attempted to take a few profits. Under this influence prices receded, but the dealings were still of a professional nature, and little significance attached to the reactionary movement. The current gossip of Wall street was to the effect that "commission house buying" had fallen off, and that the recessions were due to that cause. Shrewd observers, however, thought that there was really no diminution of public buying, but rather that the moderate public interest which had worked into the market had encouraged distributive and profit-taking selling. "Evening up" of speculative accounts at the week's end afforded an easy and probably accurate characterization of the market's closing weariness.

The character of the trading showed no real change, and the same features of recent days, that of selecting some leader and concentrating buying thereon, while working off other stocks, was pursued. Atchison was the leader of the day, with Amalgamated Copper as a strong favorite for the position. These issues were churned around in lively fashion, selling one-half point higher each at the close, after recorded dealings of nearly 80,000 shares. To trade without quantity of stock and make a net improvement of one-half point strongly suggests that the Wall street washtub has "irrigators" at both ends. Under any circumstances the influence of leaders lost much of its potency. It was rather a sorry sight for the speculative rank and file to see the behavior of some of the former leaders. They were uncrowned kings, falling off in volume of sales and declining rather sharply in price.

The Wharf Is Now Clean.

The Monongahela wharf is now undergoing a general spring clean-up. All the wreckage between Market street and the Wabash bridge and the hull of the Annie Roberts were raked up, thrown in a heap and set fire to yesterday. The Annie Roberts was a famous excursion barge, and many thousand residents of Pittsburgh and vicinity have spent joyful times aboard her. She had been lying on the wharf helpless since the January flood.

ANXIOUS OVER LAWSUIT.

Vessel Owners Watch With Interest Settlement of Boiler Questions.

Local river interests are watching the outcome of a lawsuit about to be settled in the Marietta, O., courts. The case has to do with the question of steamboat boilers and requirements on the part of builders as to fulfillment of contracts. The jury has been out two days. The suit was brought by Capt. Dana Scott, John Phillips and Capt. Jesse Wallace, owners of the steamer City of Pittsburgh. They alleged that the boilers on the boat were not installed according to specifications, and about $10,000 damage is sought. The questions involved have been somewhat of an annoyance to steamboat owners for some time. Constant inspection of the boilers makes it necessary that this feature of steamers be given particular attention in construction, and the decision on technical points in this trial will settle many similar questions.

The steamer Lorena, which was due here yesterday morning, was reported 30 hours late. She is expected here this morning and will leave at 4 p. m. High water in the Muskingum river caused the delay.

The Tom Dodsworth and Pacific will leave Industry today with big fleets of coal. The former will have 22 barges and 6 fuel barges; the latter will have 19 barges and 4 fuel barges. The Clyde and John Moren arrived light yesterday.

The March tonnage reports showed heavier than at any time during the past two years, but official figures on February traffic show a gratifying falling off. Only 340,400 net tons were reported for the Monongahela, against 890,208 last February. Similar decreases were reported for Davis Island and Louisville.

NEW CABBAGE IS CHEAP; BUTTER IS MUCH WEAKER

Demand for Provisions Is Better. Rye Falls Off—Hay Still Very Active.

Florida cabbage is now arriving in carload lots and is selling lower than old stock, which is still in very little demand. Potatoes and beets are firm and one sale of potatoes was reported yesterday at $1 55 per bushel. Grocers report an easier market on navy beans and quotations are slightly reduced. Fruits are moving out steadily.

Butter is weak, owing to increased arrivals from rural districts. A reduction of 1 cent, at least, is expected Monday. Eggs are easy and sold yesterday around 18 cents. Poultry is steady, with demand fair and receipts light. There is a better demand for meats, but lard is slow.

Rye is easier in sympathy with wheat and general grain market conditions in the west. Very little malted is being shipped and apparently little is wanted now. The following sales were reported yesterday: Oats, 3 cars No. 2 white at 47c; 2 cars seed oats at 48¾c; 2 cars No. 3 white at 47c; 1 car No. 4 at 45½c; 1 car No. 2 white at 47¾c; 1 car No. 2 white at 46¾c; hay, 1 car No. 1 timothy at $15 00; 1 car timothy at $15 25; 2 cars No. 2 timothy at $14 00; 1 car No. 2 timothy at $14 75; 1 car line hay at $15 00; 1 car No. 1 clover, mixed, at $13 50; 1 car No. 1 light clover, mixed, at $13 25; 2 cars No. 2 clover, mixed, at $13 00; 1 car No. 1 clover and clover, mixed, at $13 50; 1 car No. 2 clover at $12 25; 1 car No. 3 prairie at $9 00.

BLIZZARDS CAUSE ACTIVE PURCHASING OF WHEAT

Net Gain in the July Delivery. Corn, Oats and Provisions Are Up.

[By Associated Press to The Gazette.]

CHICAGO, April 8.—Blizzards, with an official forecast of a cold wave, caused active buying of wheat today. There was a gain of ⅝@⅞c in July delivery. Corn is up ¼@⅝c, oats ⅝c and provisions 5s to 12½c.

Weather conditions were the chief considerations in the speculation today. With storms in the west, northwest and central valleys, apprehension was rife concerning farming operations. Apparently the fact that moisture was greatly needed did not at first appeal to the majority of traders. The market opened firm, with July a shade to ¼c higher at 87@87¼c to 87¼c. Cables, however, were weak, and it was not long before sentiment seemed to change in regard to the weather. What was at first regarded as a bull factor became a weakening influence. Some of the big operators had wheat for sale on the initial advance. It was principally long wheat, and the selling was done seemingly under the impression that the situation warranted a decline. Crop reports from two private authorities were bearish, showing an improvement in the condition of the growing wheat. For a time there was quite general selling, under the influence of which July reacted to 86¼@86⅝c. Later in the session the market had a quick recovery. A cold wave was predicted by the weather bureau and reports were received stating that the temperature had dropped below the freezing point in Northern Kansas. Advices from the northwest were extremely bullish. Heavy snow was reported to have fallen in the Red river country. An advance of 1⅝c at Minneapolis helped to stimulate the demand for wheat here, unusual activity resulting during the last hour. July sold up to 88¾c and closed strong at 87⅝@87¾c. May ranged between 94⅜@95½c and closed at 95¾c. Clearances of wheat and flour for the week, as reported by Bradstreets were equal to 1,854,000 bushels. Primary receipts were 389,000 bushels against 1,000,000 bushels a year ago. Minneapolis, Duluth and Chicago reported receipts of 244 cars, compared with holidays last week and a year ago.

Unfavorable weather for the movement caused a firm opening in corn, but there was a strong disposition to sell at the improved prices, and with little support the market soon weakened. The decline was partly due to lower cables and partly to the inactivity of the leading bull traders. Later there was good buying by a big holders and by provision houses, resulting in a rally of nearly 1c. On scattered selling, however, nearly all of the gain was lost. The late strength in wheat caused a firm tone at the close. July opened ¼@⅜c higher at 51¼@51⅝c. After selling between 51¼@52¼c, the close was at 51¼@51⅝c. May ranged between 53¼@54¼c and closed at 53⅝c. Local receipts were 194 cars, with 36 of contract grade.

Oats were strong on local buying and on covering by shorts. Weather conditions favored higher prices, although crop reports were moderately bearish. Small receipts and a good cash demand were prominent bull factors. Shorts were credited with a late influence. July opened unchanged to ⅜c higher at 37¾@38¼c, sold between 37¾@38¾c and closed at 38¾c. Local receipts were 65 cars.

An increased investment demand was largely responsible for a firm provision market. Small receipts of hogs and late firmness in grains were instrumental in bringing out the improved demand. The market closed firm, with July pork 10@12½c higher at $12 50@12 97½. July lard was up 10c at $6 02½. Ribs were 5c higher at $6 85.

Pennsy Will Not Make Changes in the Local Ticket Offices

The Pennsylvania railroad has abandoned its plans for remodelling the passenger and ticket offices at Fifth avenue and Smithfield street. While definite announcement was never made that improvements were to be undertaken, it was understood that the Pennsylvania was very dissatisfied with the condition of the offices and would spend several thousand dollars for betterments.

It was learned yesterday that plans and specifications had been prepared and would have been carried out at once had the renting agents of the property met the company half way. However, instead of being able to sign a new lease—the present one expires several years hence—at a slight increase, the owner of the building wanted three times as much rent. This was refused. It was learned from a good source that the Pennsylvania would have spent $20,000 on the offices. After the expiration of the present lease it is presumed that the Pennsylvania ticket headquarters will be removed. It is safe to say that the offices, however, will remain in Fifth avenue.

Bound For St. Louis.

The Association of Passenger Representatives of the Pennsylvania System will convene in Pittsburgh on April 16 and on the following day at 9 a. m. will board a special train for St. Louis. The coming gathering is called a "trip and meeting." The trip will cover practically the whole of the northwest and southwest systems, main lines, beginning at Pittsburgh and ending at the same place April 28. The itinerary is as follows: Leave Pittsburgh at 9 a. m., Sunday, April 17, for St. Louis via Columbus, Piqua and Indianapolis; Monday, visit fair; Tuesday, from St. Louis to Chicago; Wednesday, meeting in Chicago; Thursday, from Chicago to Toledo; Friday, Toledo to Cleveland, and Saturday, from Cleveland to Pittsburgh.

In the party will be 38 passenger men from all parts of the system. Each member of the association will be expected to introduce a topic for discussion, so that the coming meeting will have enough business before it. The association was formed about a year ago. J. R. Wood, passenger traffic manager of the Pennsylvania, is chairman; George Boyd, general passenger agent of the Pennsylvania, and E. A. Ford, general passenger agent of the Pennsylvania lines, vice chairmen, and I. N. Barksdale, advertising agent of the Pennsylvania, secretary.

New Coast Terminal.

Notices have been issued by the Santa Fe announcing the establishment of a Pacific coast terminal at Oakland, Cal. With the Santa Fe now entering Oakland, it is very likely that its ferries will be run from that place to San Francisco, instead of Point Richmond. There will be a saving of several miles in the ferry route. From Point Richmond across the bay to San Francisco is about seven miles and from Oakland about four miles.

Decrease in Traffic.

The decrease in the movement of freight during the month of February as compared with the same month in 1903 is shown in the reports of 84 car-service associations of the United States. In February of this year the movement was 1,984,883 cars, as against 2,008,388. For the two months ended with February the movement was 3,954,481 cars, as against 4,192,403 for the same period of 1903.

Railroad Notes.

It is rumored that W. W. Afterburn, general manager of the Pennsylvania railroad, is to have three assistants beginning May 1. The assistants will be, according to the rumor, A. W. Gibbs, general superintendent of motive power; M. Trump, acting general superintendent, and J. T. Richards, chief engineer of maintenance of way.

J. B. Dickson, chief engineer of maintenance of way of the Baltimore & Ohio, is making an inspection of the company's bridges. It is said that five new bridges will be built between Sharpsburg and Gibsonia on the Pittsburgh & Western.

PHILIPPINE SHIPPING BILL PASSES HOUSE

Lewis and Clark Centennial Exposition Appropriation Also GoesThrough.

[By Associated Press to The Gazette.]

WASHINGTON, April 8.—The house today passed a large number of bills, including the Philippine shipping bill and the bill appropriating $475,000 in aid of the Lewis and Clark centennial exposition to be held in Portland, Ore., in 1905. The only amendment made to the Philippine shipping bill was one extending until July 1, 1906, the time when the law shall become operative.

The bill provides that no merchandise or passengers except supplies for the army or navy shall be transported by sea, under penalty of forfeiture, between ports of the United States and the Philippine archipelago, direct or via a foreign port, or for any part of the voyage, in any except vessels of the United States. It does not prohibit, however, the sailing of any foreign vessel between the United States and the Philippines, nor between ports or places in the Philippines. The tonnage taxes now in force on foreign vessels coming into the United States are levied on such vessels coming from the Philippines.

The Philippine commission is authorized to issue licenses to engage in lighterage or other exclusively harbor business to vessels or other craft actually engaged in such business at the date stated, and to vessels or other craft built in the Philippines or in the United States and owned by citizens of the United States or inhabitants of the Philippines. The law does not impair or affect any privilege guaranteed to Spanish ships and merchandise by the Paris treaty of peace.

Mr. Dalzell of Pennsylvania, from the committee on rules, reported a resolution discharging the committee of the whole house from consideration of the Lewis and Clark exposition bill and calling for its immediate consideration.

J. HENRY JAHN IN MORE LITIGATION

O. E. Cornelius Charges Him With Attempting to Take Property by Fraud.

C. E. SUCCOP ANSWERS EWING

J. Henry Jahn, who figured so prominently in the investigation of the Schopfer death, is defendant in an equity suit in which Oliver E. Cornelius charges him with attempting to take some property by fraudulent means. His stenographer, Miss Linnie Wolford, who was made a defendant in the suit of Mrs. Schopfer against Jahn, is also mentioned in the bill.

Cornelius says he owns property at 618 Lacock street, Allegheny, and being in need of money, went to Jahn for a loan of $200. On January 3, 1903, the loan was secured and Jahn went to Cornelius to have him execute a mortgage to Linnie Wolford, Jahn's stenographer. The plaintiff alleges he believed everything to be all right and executed what he thought was a mortgage for $200 to Miss Wolford. He alleges Jahn was to collect his rent of $15 a month until the mortgage was paid off. Cornelius alleges that ever since Jahn has collected the rent, and believing that sufficient had been collected to pay off the mortgage, he went to see Jahn to have it released. He says Miss Wolford informed him that he had executed an absolute deed for his property. He alleges that Jahn now holds the papers and refuses to reconvey the property.

The plaintiff alleges that Jahn secured the deed to Miss Wolford by a "most bare-faced unmitigated fraud," as he had not sold the property and did not intend to, unless it was for $1,100, as there was another debt of $900 against it.

Cornelius alleges that he believes Jahn is trying to sell the property, and asks that the deed be declared void. He asks that the defendant be compelled to reconvey the property and be restrained from selling or encumbering it.

The defendants in the equity suit of John K. Ewing have filed their answer to Ewing's allegations. They are the Consolidated Real Estate Company, Charles E. Succop, Snowden G. Lennox, J. J. Leahy, K. William Schuchman, Herman W. Klein, S. M. Kennedy, M. J. Chmerfeld, J. H. W. Myers, J. B. Shannon and J. E. Meighan.

They deny there has been any mismanagement of the company or that it is insolvent, and also deny that Ewing is the present owner of $7,500 worth of the company's stock, saying they are informed that he has sold a large portion to third parties. The defendants allege that the company has been conducted properly since its creation and that the proposed reduction of the capital stock from $600,000 to $200,000 is solely in the interests of the stockholders, including the plaintiff.

The defendants say they each agreed to make a transfer of a portion of their stock prior to taking any action on the proposed reduction. Ewing's right to equitable relief is denied by the defendants, who ask that the bill be dismissed at the plaintiff's costs.

Ewing asked the court to compel the repayment of $7,500 to him from the company's treasury, in addition to the appointment of a receiver and an injunction restraining the defendants from reducing the capital stock of the company.

Judge Elliott Rodgers heard testimony on the rule granted on E. W. Duer and H. H. Temple, superintendent and division engineer of the Pittsburgh division of the Baltimore and Ohio railroad, requiring them to show cause why they disobeyed the order of court of blasting within 800 feet of the residence of Albert J. Demmler. The latter's home is along the Pittsburgh and Connellsville railroad. Judge Rodgers told the officials that the order of court must be obeyed, otherwise they would be sent to jail. Duer and Temple said they instructed the foreman of the construction work to obey the order.

They claimed Demmler was trying to sell his property to the railroad and was using the courts to harass the railroad and compel it to purchase his land at the price he had set. In the suit of Dunleavy & Brother against Christian W. Reckley, an action involving an account, the defendant has filed answer setting forth credits he claims. He admits he was employed by the plaintiff for about six years, acting as city salesman, and collected $35,591 84. He claims credit for $1,057 07, which he said was paid as rebates to merchants on a plan agreed upon by the plaintiffs.

He explained the plan by saying that for the purpose of building up trade and protecting plaintiffs from the appearance of cutting prices, he sold merchandise at certain or regular and established prices, and the bills sent out corresponded with these prices. He says he then paid back certain sums of money to the customers as a rebate on these orders. He attaches a schedule of these payments and also itemizes other credits.

A decree in distribution of $81,184 74 was made in the estate of Archibald McBride, deceased, Fannie P. and Vincent McBride and Margaret A. Taggart being the principal beneficiaries. In the estate of John D. Luft, a decree of $6,290 98 was made.

Judge Elliott Rodgers lodged a bench warrant at the jail yesterday against C. Loracco, a McKees Rocks grocer, at present confined there on several charges of false pretense. The warrant was issued at the request of Joseph Battaglia & Bro., wholesale grocers of Grant street, who claim he obtained groceries from them to the amount of $118 by false representation.

I Advise Suffering Women Strongly, to Take Doctor Pierce's Favorite Prescription.

This advice comes from a woman who had suffered all the miseries women can suffer from disease, and had been perfectly and permanently cured by the use of Dr. Pierce's Favorite Prescription.

This great medicine for women establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

Read Mrs. Kempson's letter and, if you are sick, follow her advice.

"Although it has been quite a time since I wrote you," says Mrs. Fred Kempson, of Cambria, Hillsdale Co., Mich., Box 57, "still your name is a blessing in our house, and I think it my duty to let you know that I am still enjoying good health, thanks to you and your Favorite Prescription.' When I think how I was five years ago, and then see how I am now, I say, God bless Dr. Pierce's works, and may he live long to help poor suffering women. I have never had any return of my weakness and am well and hearty. Can do all my own work without any pain. You saved me from the grave when all others failed. I advise suffering women strongly to use Dr. Pierce's Favorite Prescription, as I know it will cure in all cases, if indeed there is a cure."

Dr. Pierce's Pleasant Pellets are an excellent laxative, suited to the use of delicate women.
